1981 Corvette Assembly Manual:

Corvette Restoration Guide, 1968-1982 Richard Prince, If your third generation Corvette demands restoration you've come to the right place. This information-packed reference outlines every part and sub-assembly necessary for a factory original restoration to your coveted Corvette. Filled with detailed schematics, charts, illustrations, and photographs necessary to authentically restore every part system or component. Find out what's correct before you begin your next restoration project.

Corvette Performance Projects 1968-1982 Tom Benford, Of the five generations of Corvettes the C3 or shark models are among the most popular with do-it-yourselfers. Produced from 1968 all the way up to 1982, most C3 Corvettes haven't reached the collector status and inflated prices of earlier models. Far from being the black sheep of the Corvette family, though, these attractive cars are plentiful: 500,000 were built and affordable enough that they can be purchased, maintained, and enjoyed by a large spectrum of car lovers. The vast majority are powered by the popular 350ci small block, perhaps the most modified and successful performance engine ever.

How to Rebuild Corvette Rolling Chassis 1963-1982

George McNicholl, Second and third generation Corvettes may well be the stuff of some collector's dreams, but if you're an owner or enthusiast who'd like to drive your dream car, this guide to repairing and rebuilding will put you and your Vette on the road. With step-by-step notes and photographs, George McNicholl documents the complete rebuilding of four Corvettes: 1965 and 1967 convertibles and 1969 and 1972 coupes, putting the process within reach of any do-it-yourself mechanic. McNicholl's focus is on rebuilding the second and third generation Corvette rolling chassis for daily use, with clear and concise information on engines, transmissions, differentials, frames, front suspensions, brakes, wheels, and fuel, exhaust, and cooling systems for models from 1963 to 1982.

Corvette C3 Buyer's Guide 1968-1982 Richard Prince, 2003. *Original Corvette 1968-1982* Tom Falconer, Thomas Falconer, James Mann, Written and designed for casual enthusiasts as well as restorers who want to determine which parts, accessories, and colors will restore their cars to factory original condition, every title in the Bay View Original Series provides a huge selection of color photography, comprehensive factory records, thorough specifications, detailed parts lists, and nostalgic period literature. The third generation Corvettes built from 1968 through 1982 are the most affordable and frequently driven Vettes, barring the new models. This all-color guide depicts all editions from these model years, including the ultra-fast L88 454 and ZL1 427, in addition to the standard 350, while carefully detailing engines, interiors, and bodies.
