Microeconomics R. Glenn Hubbard,Anthony Patrick O'Brien,2006 Hubbard O'Brien is the only book that motivates students to learn economics through real business examples The 1 question students of economics ask themselves is Why am I here and will I ever use this Hubbard O'Brien answer this question by demonstrating that real business use economics to make real decisions on a daily basis This is motivating to all students whether they are business majors or not All students can relate to businesses they encounter in their lives Whether they open an art studio do social work trade on Wall Street work for the government or bartend at the local pub students will benefit from understanding the economic forces behind their work The Eclipse of Value-Free Economics. The concept of multiple self versus homo economicus Aleksander Ostapiuk,2021-03-30 The book's goal is to answer the question Do the weaknesses of value free economics imply the need for a paradigm shift The author synthesizes criticisms from different perspectives descriptive and methodological Special

attention is paid to choices over time because in this area value free economics has the most problems In that context the enriched concept of multiple self is proposed and investigated However it is not enough to present the criticisms towards value free economics For scientists a bad paradigm is better than no paradigm Therefore the author considers whether value based economics with normative approaches such as economics of happiness capability approach libertarian paternalism and the concept of multiple self can be the alternative paradigm for value free economics This book is essential reading to everyone interested in the current state of economics as a discipline
