An Alternative Labour History Assistant Professor Dario Azzellini, 2015-03-12 The global financial crisis has led to a new shop floor militancy Radical forms of protest and new workers takeovers have sprung up all over the globe In the US Republic Windows and Doors started production under worker control in January 2013 Later that year workers in Greece took over and managed a hotel a hospital a newspaper a TV channel and a factory The dominant revolutionary left has viewed workers control as part of a system necessary during a transition to socialism Yet most socialist and communist parties have neglected to promote workers control as it challenges the centrality of parties and it is in this spirit that trade unions operating through the institutional frameworks of government have held a monopoly over labor history Tracing Marx s writings on the Paris Commune through council communism anarcho syndicalism Italian operaismo and other heretical left currents **An Alternative Labour History** uncovers the practices and intentions of historical and contemporary autonomous workers movements that until now have been largely obscured It shows that by bringing permanence and predictability to their workplaces workers can stabilize their communities through expressions of participatory democracy And as history has repeatedly shown workers have always had the capacity to run their enterprises on their own

Zwischenberger,2016-12-23 This volume provides a comprehensive overview of various Eastern European traditions of thought on the subject of translation as well as the discipline of Translation Studies It sheds a light on how these traditions developed how they are related to and how they differ from Western traditions The volume shows nationally framed histories of translation and Translation Studies and presents Eastern European pioneers and trailblazing thinkers in the discipline This collection of articles however also shows that it is at times hard or even impossible to draw the line between theoretical and or scientific thinking and pre theoretical and or pre scientific thinking on translation Furthermore it shows that our discipline s beginnings which are supposedly rooted in Western scholarship may have to be rethought and consequently rewritten

Alternative Iran Pamela Karimi,2022-09-27 Alternative Iran offers a unique contribution to the field of contemporary art investigating how Iranian artists engage with space and site amid the pressures of the art market and the state s regulatory regimes Since the 1980s political economic and intellectual forces have driven Iran s creative class toward increasingly original forms of artmaking not meant for official venues Instead these art forms appear in private homes with trusted audiences derelict buildings leftover urban zones and remote natural sites While many of these venues operate independently others are fully sanctioned by the state Drawing on interviews with over a hundred artists gallerists theater experts musicians and designers Pamela Karimi throws into sharp relief the extraordinary art and performance activities that have received little attention outside Iran Attending to nonconforming curatorial projects independent guerrilla installations escapist practices and tacitly subversive performances Karimi discloses the push and pull between the art community and the authorities and discusses myriad instances of tentative coalition as opposed to outright partnership or uncompromising resistance Illustrated with more than 120 full color images this book provides entry into unique artistic experiences without catering to voyeuristic curiosity around Iran s often perceived underground culture

OFFBEAT Micheal T. Hurley, 2014-07-30 Cops everywhere have their stories The retired police officers of the Oxnard Police Department are no exception Like the stories told by officers anywhere Oxnard PD's stories too seem to grow each time they are retold until few can offer an iron clad guarantee that they are today the way the stories actually unfolded then Some officers however offer an iron clad guarantee that these stories reflect their current memory *Offbeat* is a collection of their stories In another sense they represent the stories of all police departments everywhere for it is these stories that provide the perspective necessary for sanity in at times an insane world *Offbeat* is the humor behind the badge United States Government Publications Monthly Catalog, 1922 Alternative Shakespeares John Drakakis, 2003-12-16 When critical theory met literary studies in the 1970s and 80s some of the most radical and exciting theoretical work centred on the quasi sacred figure of Shakespeare In *Alternative Shakespeares* John Drakakis brought together key essays by founding figures in this movement to remake Shakespeare studies A new afterword by Robert Weimann outlines the extraordinary impact of *Alternative Shakespeares* on academic Shakespeare studies But as yet the Shakespeare myth continues to thrive both in Stratford and in our schools These essays are as relevant and as powerful as they were upon publication and with a contributor list that reads like a who's who of modern Shakespeare studies *Alternative Shakespeares* demands to be read
