As an award-winning trial attorney, Heather quickly realized that she didn't win because she was an extraordinary advocate. She won because she gave her clients the tools to advocate for themselves. First they needed to choose what they wanted. Next they needed to believe in themselves and their ability to get it. And then they could advocate to win. Heather created a system to help her clients make the best choices for themselves for the case and for their wins. She gave them the tools to believe. And then she gave them specific strategies to advocate for what they wanted and to win with ease. Now she will do the same for you.
