A romantic couple is shown in a close embrace, kissing passionately. They are standing outdoors in the rain, sheltered by a large, open red umbrella. The man is wearing a dark coat, and the woman is wearing a dark, patterned coat over a red skirt. The background is a blurred city street with buildings and a wet pavement reflecting the light. The overall mood is romantic and intimate.

The Adolescent Psyche Richard Frankel,2023-06-30 In the classic edition of this outstanding book originally published in 1998 Richard Frankel explores adolescence as a crucial unique and turbulent period of human development He provides guidance for clinicians working with young people as they undergo significant transformations in the way they think act feel and perceive the world The book addresses how the disruptions manifest in adolescent behavior are upsetting and often incomprehensible to the adults surrounding them It seeks to revision the traumas extreme fantasies testing of limits etc so endemic to this period of life through the lens of the urge toward self realization This allows for new and creative ways of working with the intensely confusing and often extreme countertransference feelings that arise in our encounter with adolescents It offers ways of reflecting upon the vicissitudes of our own experience of being an adolescent that helps to

unlock the typical impasses that occur in the stand off between adult and adolescent ways of seeing the world Through engagement with the work of Jung Hillman and Winnicott Frankel offers a critique of the traditional psychoanalytic understanding of adolescence as a recapitulation of childhood thus making a claim for adolescence as a discrete developmental period with its own originary dynamics In this light he explores such topics as individuation persona shadow bodily idealistic and ideational awakenings as well as the effects of culture on development Featuring numerous clinical case studies and clear theoretical formulations this classic edition is important reading for psychotherapists analysts parents educators and anyone working with adolescents This classic edition also includes a new extended introduction by the author that examines what effects the digital revolution is having on the contemporary experience of being an adolescent Looking back on this work nearly 25 years since its publication Frankel contends that the core themes of adolescence addressed in this book offer a compelling framework for comprehending both the positive and negative impacts of the digital on adolescent life

Hollywood's Others Katherine Fusco,2025-09-02 We tend to think about movie stars as either glamorous or relatable But in the 1920s and 1930s when the Hollywood star system was taking shape a number of unusual stars appeared on the silver screen representing groups from which the American mainstream typically sought to avert its eyes What did it mean for a white entertainment columnist to empathize with an ambiguously gendered Black child star Or for boys to idolize Lon Chaney famous for portraying characters with disabilities Hollywood s Others explores the affective ties between white non disabled audiences and the fascinatingly different stars with whom they identified but only up to a point Katherine Fusco argues that stardom in this era at once offered ways for viewers to connect across group boundaries while also policing the limits of empathy Examining fan

magazines alongside film performances she traces the intense audience attachment to atypical celebrities and the ways the film industry sought to manage it Fusco considers Shirley Temple's career in light of child labor laws and changing notions of childhood shows how white viewers responded to Black music in depictions of the antebellum South and analyzes the gender politics of conspiracy theories around celebrity suicides Shedding light on marginalized stardoms and the anxieties they provoked Hollywood's Others challenges common notions about film's capacity to build empathy

The Bridge George Encizo, 2023-04-28 Losing a beloved pet was traumatic for JD Pickens and his daughter Sarah What made matters worse was when Sarah took a liking to a boy one Pickens didn't know Pickens wasn't ready for Sarah to date because he feared losing his little girl's heart It created a chasm in their father daughter relationship When Sarah and her boyfriend witnessed a dog beaten and tossed in a truck they followed it until the truck turned onto a dirt road Sarah had called the incident to Deputy Billy Thompson and asked him to run the license plate Billy agreed but asked her not to follow the truck and they decided not to follow it The rift between Pickens and Sarah widened when Pickens solicited the boyfriend's help locating the dirt road without telling Sarah He agreed even though it got him in trouble with Sarah After he pointed out the road Billy contacted a member of his drone club and had her launch a drone to do aerial surveillance of the road The aerial surveillance revealed a compound with trucks and cages at the end of the road Using the drone Pickens and his team descended upon the compound only to discover the trucks

were gone and the cages were empty except for one That cage had a malnourished dog chained up with no food or water and left to perish With animal control as part of Pickens s team animal control rushed the dog to the shelter Pickens hoped the dog would survive and he might adopt it Unfortunately the dog died which angered Pickens After Sarah s boyfriend took her fishing Pickens attempted to bridge the chasm between them by offering to take her fishing but Sarah thought Pickens was trying to drive a wedge between her and her boyfriend Pickens assured Sarah he was only trying to bridge the gap between them and Sarah eventually relented and agreed to go The event ended up being a relationship mender but Pickens kept a secret from Sarah Ultimately the secret was revealed when they visited Pickens s parents creating another rift between Pickens and Sarah With the help of Pickens s mother Pickens escaped Sarah s wrath and their bond remained intact Angry over the death of the emaciated dog Pickens vowed to track down the men who caged it along with other dogs at the compound Billy came up with the name of one of the men thanks to prints from the compound But Pickens still couldn t locate where the men were hiding but a stroke of luck led Pickens to a remote farmhouse After Sarah mentioned that she and her boyfriend were going on a helicopter ride Pickens asked her to get the pilot s name so he could enlist the help of the pilot to descend upon the farmhouse and arrest the dognappers Sarah agreed and Pickens contacted the pilot and paid for his service by flying Pickens and a small team to the farmhouse Once again Pickens was days too late and found the dognappers dead but a fingerprint left at the scene revealed another name but it became difficult to locate the person Although Pickens was disappointed about the dead bodies they happened upon a female dog and her litter The dogs were taken to the shelter and cared for and the veterinarian discovered a chip in the mother Pickens attempted to locate its owner Unfortunately he found the owner dead in his trailer Pickens decided he d take the dogs if no one wanted First he had to locate any relatives of their former owner Pickens discovered a son in law of the dogs former owner but he didn t want the dogs so they became available for adoption Pickens still had to locate the killer but it proved difficult as though he was a ghost A twenty year old mug shot of the man led to Amy contacting the Jacksonville law enforcement agencies but they were no help and the case went cold

African American Literature and the Classicist Tradition T. Walters, 2007-10-29 This is a groundbreaking study exploring the significant relationship between western classical mythology and African American women's literature. A comparative analysis of classical revisions by eighteenth and nineteenth-century Black women writers Phillis Wheatley and Pauline Hopkins, and twentieth-century writers Gwendolyn Brooks, Toni Morrison, and Rita Dove reveals that Black women writers revise specific classical myths for artistic and political agency. The study demonstrates that women rework myth to represent mythical stories from the Black female perspective and to counteract denigrating contemporary cultural and social myths that disempower and devalue Black womanhood. Through their adaptations of classical myths about motherhood, Wheatley, Brooks, Morrison, and Dove uncover the shared experiences of mythic mothers and their contemporary African American counterparts, thus offering a unique Black feminist perspective to classicism. The women also use myth as a liberating space where they can speak the unspeakable and empower their subjects as well as themselves.
