

Anniversary Of A Death

You sit in your white leather chair.
The pale expression on your face
whispers 'farewell' and fades away.

Anniversary of a death.

And I think she still cries everyday,
three years and counting.

You're smiling at the horn solo.
I can see your gaze
as it shoots through my eyes.

Arcadian America Aaron Sachs,2013-01-08 Perhaps America's best environmental idea was not the national park but the garden cemetery a use of space that quickly gained popularity in the mid nineteenth century Such spaces of repose brought key elements of the countryside into rapidly expanding cities making nature accessible to all and serving to remind visitors of the natural cycles of life In this unique interdisciplinary blend of historical narrative cultural criticism and poignant memoir Aaron Sachs argues that American cemeteries embody a forgotten landscape tradition that has much to teach us in our current moment of environmental crisis Until the trauma of the Civil War many Americans sought to shape society into what they thought of as an Arcadia not an Eden where fruit simply fell off the tree but a public garden that depended on an ethic of communal care and whose sense of beauty and repose related directly to an acknowledgement of mortality and limitation Sachs explores the notion of Arcadia in the works of nineteenth century nature writers novelists painters horticulturists landscape architects and city planners and holds up for comparison the twenty first century's and his own tendency toward denial of both death and environmental limits His far reaching insights suggest new possibilities for the environmental movement today and new ways of understanding American history

The Olden Time: Stories for Betty Elizabeth Hawley,2005-10-04 This project is based on the reminiscences of Elizabeth Hawley Bowen Everett 1857-1940 She originally compiled these stories records and reflections about her life and her family in response to curiosity expressed by her grand daughter Betty Bowen Hanes Her collection is called The Olden Time or Stories for Betty As we immersed ourselves in this family's history we became

convinced that the experiences of its various members represented those of countless Americans Their participation in this country s struggle for independence the western migration the establishment of towns on the prairie in school teaching from Maine to Mississippi and Nebraska make this story significant beyond its interest to the family s descendents In consequence we made the decision to annotate the collection in an effort to aid the modern reader with obscure references and to provide some historical background We have presented Elizabeth Hawley s own work with only the slightest editing and occasional rearrangement and we have clearly identified our additions as footnotes by brackets or a change in typeface Several observations should be mentioned here The influence of New England culture on the prairie society is marked The interest in education is attested by both the number of schools established in these small towns and the number of students who enrolled Women and girls attended school as well as boys and young men Women taught even in male preparatory schools and ran their own schools Religion in the form of protestant denominations was a strong influence and along with it temperance societies Little distinction was made among the various protestant traditions as long as the preaching was faithful and effective for the church of one s family might well be unrepresented in a new town Customs of dress and manners were transported from New England along with the settlers Land divisions took similar forms as did the governing bodies of townships As a family history this is an odyssey of school teachers Their devotion to education is represented first in Maine by The Reverend Reuben Nason s Gorham Academy now located on the campus of the University of Southern Maine and finally at the end of the western journey by the presence of the family home facing the campus of the University of Nebraska There were teachers in each generation both men and women in preparatory schools and seminaries from Maine and New York to Mississippi Iowa and Nebraska and beginning with Reuben Nason s graduation from Harvard in 1802 students at Bowdoin and Dartmouth Colleges at the University of Illinois and finally the University of Nebraska where the young Hawleys studied We offer this collection of memories stories and anecdotes to all who are interested in this period of American history and to the descendents of these hardy folk

One Hundred Poems and the Brain Henry Ryman Miner, 2023-12-19 About the Book As Henry

Ryman Miner began to grow older he noticed a subtle increase in forgetfulness like going to another room and forgetting what he came for He began to undertake various forms of mental exercise in an effort to improve his memory which led him to engage in the practice of memorizing and reciting favorite and newly discovered poems a practice that he combined with cycling in the Oakland hills Gradually his collection of memorized verse grew to reach one hundred poems Broken into three parts Miner first details his process for memorization explaining in detail his methods and strategies In part two he lists all one hundred poems and includes his thoughts on each reflecting on its place in the chronology of his life Now familiar with his personal process and poems Miner in part three explains the science behind memory memorization and the brain proving and disproving some of his own methods in part one A fascinating read on the realities of memory loss with aging and the power of poetry Miner s One Hundred Poems and the Brain blends science and art into one engaging thoughtful mental exercise

Eyesores Eric Shade,2012-10-15 These eleven interrelated stories follow strands of hope and nostalgia that bind together or fence off the people of Windfall Eric Shade s fictional western Pennsylvania community is a place we all know a town bypassed by the interstate its rail line clogged with coal cars that haven t moved an inch in years The men of Windfall still vie on the time

honored fields of contest from bars to bedrooms to football fields but none is sure any longer what is won or lost Few certainties linger the jobs are going fast and the best women are already taken In the title story a group of unskilled laborers rerun memories of youth as they race against the dark to demolish the town s drive in theater A chain restaurant will take its place Naomi dumps Dwight at the altar in Hoops Wires and Plugs but then Dwight fritters away the shamed agitation that could have propelled him beyond Windfall s stunting gravitational pull In the final story Souvenirs small time hoods Paxson and Gus do what so many in Windfall can t get out of town They re off to Pittsburgh and a contract killing they hope will kick off a more rewarding life of crime In hands less able than Eric Shade s Windfall s men would be caricatures screw ups with all too easy access to the makings of tragedy pills booze fast cars guns chain saws Instead their stories give us new ways to ponder change and its consequences Windfall stakes out a gritty quarter of the literary map shared by Sherwood Anderson s Winesburg and Thornton Wilder s Grover s Corners
