Anonymous Report To The Police:

Citizen Crime Reporting Projects Leonard Bickman, 1977 Police Ethics Louise Westmarland, 2025-05-12 This book is an important analysis of how police themselves define and respond to police corruption and wrongdoing It offers special insights into this hard to research issue because it is based on using similar techniques of study on samples of police over time and in different jurisdictions all linked by an autoethnographic account by Professor Westmarland an internationally celebrated expert on the topic narrating her engagement with the problems of police corruption and culture This provides a revealing account of variations over time and between places Clearly and engagingly written this is essential reading for students scholars practitioners and policy makers concerned about policing and its legitimacy Robert Reiner Emeritus Professor of Criminology LSE This is a lively and fascinating book which places our understanding of policing ethics integrity and police corruption within a long term timeline The author traces how a particular research technique within policing studies the use of scenario based surveys of police officers to test officers attitudes to the seriousness of a series of possible forms of police misconduct and their willingness to report those forms to others has been utilised in policing research over a 50 plus year history It begins with US based pioneering policing research in the 1970s and takes us through the use of and lessons learnt by scenario based research in later decades in the UK and internationally This includes by way of an autoethnography the author s own critical research over the past 20 years revisiting some earlier published research on the theme This book is essential reading for those studying police integrity and corruption and the wider field of police cultures Professor Steve Savage Emeritus Professor of Criminology University of Portsmouth This book outlines over 20 years of in depth research on police culture and the blue code of silence which is said to protect and perpetuate police misconduct It discusses the existing literature and draws upon first hand research with many serving police officers and some police support staff These studies not only provide evidence of the police code but are also useful for examining why and how to prevent its ill effects A recent post 1950s history of police cultural research which concentrates on ethics and integrity is provided with reflections on change and a discussion of the College of Policing s introduction of a code of ethics in 2014 It asks whether anything has changed but mainly analyses the individual studies and what the potential lessons learnt are from the various scandals that have come to light The questionnaires and research instruments used are included in the text for replication purposes and alongside this the ethics of such studies are discussed This book will speak to police officers including those enrolled on police degrees policing scholars and students and criminologists Louise Westmarland is Professor of Criminology at The Open University UK **Rape and Its Victims** United States. Department of Justice, 1975 *FBI Law Enforcement Bulletin* , 2010 *Justice, Crime, and Citizenship in Eurasia* Erica Marat, Lauren A. McCarthy, 2022-08-18 What role does law play in post communist societies This book examines the law as a social institution in Eurasia exploring how it is shaped in everyday interactions between state and society organisations and individuals and between law enforcement and

other government entities It bridges the gap between theoretically rich work on law in action and the empirical reality of Eurasia The contributions in this volume include research on policing the legal profession public attitudes towards law regime support and oppositional mobilisation crime policy and property rights among others The studies shift away from the common perception that in Eurasia the law exists only as a tool for the state to enforce order and suppress dissent Instead they show through empirical analyses that citizens evade use reinterpret and shape the law even in authoritarian contexts sometimes containing state violence and challenging the regime and other times reinforcing state capture from below The chapters in this book were originally published as a special issue of the journal *Europe Asia Studies*

Rape : Guidelines for a Community Response Deborah Carrow,1980 *A National Protocol for Sexual Assault Medical Forensic Examinations*,2004 **A Fire You Can't Put Out** Andrew M Manis,1999 This first biography of Fred Shuttlesworth winner of both the 2000 Lillian Smith Award and the 2001 James F Sulzby Jr Award details the fascinating life of the controversial preacher who led integration efforts in Birmingham with the courage and fervor of a religious crusader *Responding to Hate Crimes and Bias-motivated Incidents on College/University Campuses* ,2003 *Law Enforcement and Justice Administration* Clyde L. Cronkhite,2013 *Law Enforcement Policing Security* *The Rape Crisis Intervention Handbook* S.L. McCombie,2012-12-06 This handbook is intended to be a comprehensive resource for those in volved in providing crisis intervention to rape victims The medical legal and counseling needs of the rape victim are presented to prepare helping professionals to offer sensitive and skillful assistance to women who have suffered sexual assault The interdisciplinary thrust of the book reflects our conviction that health professionals police and prosecuting attorneys must share their expertise and coordinate their efforts in order to successfully meet the multiple needs of rape victims and their families While an extensive literature on rape has developed in the past decade to the best of our knowledge there is no single source for the practical treatment oriented information sought by those who work directly with victims The primary objective of this book is to offer just such a guide to service providers The book is organized into sections that deal with a specific area of the treatment of victims Detailed guidelines are provided for the nursing medical counseling police and legal services involved in comprehensive crisis intervention Interdisciplinary teaming and the emotional impact of rape on service providers are discussed by authors actively involved in rape crisis work Rape laws are explained and court preparation for victim witnesses is carefully outlined Of particular relevance to counselors is an overview of crisis theory and a psychodynamic perspective on rape trauma

An Intersectional Guide for Male Survivors of Sexual Abuse and Their Allies Jeremy Sachs, 2025-07-15 Few experiences carry more shame stigma and misunderstanding than the life altering trauma of sexual abuse Men who experience sexual abuse and rape often find themselves marginalised and isolated yet there are few resources available for them or those who support them This book examines the impact of sexual abuse on different men through an intersectional lens exploring how their unique identities circumstances and society's views affect their recovery or compound their trauma Each chapter addresses a topic chosen by hundreds of male survivors who have attended the author's recovery groups It includes survivor testimonies signposts to resources and reflective activities to help manage the aftermath of sexual trauma With statutory services such as the criminal justice system often failing male survivors the book draws on Transformative Justice principles to suggest alternative ways for men to break cycles of trauma and move forward with their lives Aimed at male survivors and those who support them counsellors psychotherapists social workers family members and loved ones this book offers guidance and hope for navigating a path to healing

Riding the New York Subway Stefan Hohne, 2021-02-16 A history of New York subway passengers as they navigated the system's constraints while striving for individuality or at least a smooth ride When the subway first opened with much fanfare on October 27 1904 New York became a city of underground passengers almost overnight In this book Stefan Hohne examines how the experiences of subway passengers in New York City were intertwined with cultural changes in urban mass society throughout the twentieth century Hohne argues that underground transportation which early passengers found both exhilarating and distressing changed perceptions interactions and the organization of everyday life

Ghetto at the Center of the World Gordon Mathews, 2011-06-01 There is nowhere else in the world quite like Chungking Mansions a dilapidated seventeen story commercial and residential structure in the heart of Hong Kong's tourist district A remarkably motley group of people call the building home Pakistani phone stall operators Chinese guesthouse workers Nepalese heroin addicts Indonesian sex workers and traders and asylum seekers from all over Asia and Africa live and work there even backpacking tourists rent rooms In short it is possibly the most globalized spot on the planet But as Ghetto at the Center of the World shows us a trip to Chungking Mansions reveals a far less glamorous side of globalization A world away from the gleaming headquarters of multinational corporations Chungking Mansions is emblematic of the way globalization actually works for most of the world's people Gordon Mathews's intimate portrayal of the building's polyethnic residents lays bare their intricate connections to the international circulation of goods money and ideas We come to understand the day to day realities of globalization through the stories of entrepreneurs from Africa carting cell phones in their luggage to sell back home and temporary workers from South Asia struggling to earn money to bring to their families And we see that this so called ghetto which inspires fear in many of Hong Kong's other residents despite its low crime rate is

not a place of darkness and desperation but a beacon of hope Gordon Mathews s compendium of riveting stories enthralls and instructs in equal measure making Ghetto at the Center of the World not just a fascinating tour of a singular place but also a peek into the future of life on our shrinking planet **Federal Reports on Police Killings** U.S. Department of Justice,2017-06-27 After a series of incidents in which police officers in Chicago Cleveland Baltimore and Ferguson Missouri killed four unarmed African Americans Laquan McDonald Tamir Rice Freddie Gray and Michael Brown resulting in widespread civic unrest and violent protests the Department of Justice launched investigations into each incident including in depth probes into the police departments behind them This is the complete and unexpurgated text of their findings
