**The Other Side** Don Lucas, 2009-07-15 Mac Lewis was a crew boat operator for a small boat rental company On that blistering Louisiana afternoon he was to conduct crewmembers of a large inland oil drilling barge to the latest drilling station It was business as usual and he brought his rowdy roughneck farers to work without much ado When night descended upon the waters however Mac found himself unable to sleep After much tossing and turning to the sound of heavy drilling engines and clanging of pipes he finally drifted into a listless sleep However Mac would wake up to an entirely new realm of existence The clanging sounds and thunderous drilling were gone to be replaced by an eerie quiet a most unusual phenomenon in the midst of a drilling station Not only that but he would begin to realize that his entire body was different too different to be his too different to be a man s With the final unmistakable assessment to verify that his manhood was

nonexistent the unbelievable reality set in with dawning horror Mac was now a man in a woman's body Who was this woman and why was he in her body Why had it happened Where in the world was he The questions would come forth unrestrained and unanswered Thus begins the greatest adventure of Mac's life a surreal adventure indeed as for the first time he would view the world through the other side of the gender fence with the eyes body and life of a woman As the questions drive him to seek for answers he would find out just how it would feel to literally be in a woman's shoes dodging compromising situations experiencing a much heightened danger on the streets and the ever present emotions that course through a woman's being Lucas The Other Side is absolutely riveting a compelling read that readers will find hard to put down The Soldier's Bride, and Other Poems James T.
