United States Code United States, 2012 *The Oxfam Poverty Report* Kevin Watkins, 1995 Fifty years ago the United Nations Charter proclaimed universal rights to shared prosperity peace and security How far has that vision of world citizenship been realised Despite advances in human welfare and technology there is today a growing polarisation between rich and poor One in four of the world's people live in absolute poverty unable to meet their basic needs armed conflict is affecting millions of people and the global environment is under threat Yet there is a failure of political will to address the silent emergency of poverty The Oxfam Poverty Report draws on Oxfam's experience of working in over 70 countries to examine the causes of poverty and conflict It identifies the structural forces which deny people their basic rights and gives a wide range of examples of the ways in which men and women are bringing about positive change at every level from the household to the international arena Oxfam believes that it is time to renew the UN vision of universal basic rights The Report concludes by proposing policy and institutional reforms which would transform international institutions and trading relations and calls for a new commitment to work together to eradicate poverty and bring sustainable peace and security for all the world's people
