When the mother has a permanent tooth (molar, premolar, or incisor) fall out, it is important to call the dentist office within the half-to-one-hour deadline. Sometimes a child's tooth is not loosened, and the half-to-one-hour rule is lost. One way to keep a loose tooth safe after it is pulled out, the dentist has a bag made for exactly this purpose. The bag is made of a special material that keeps the tooth safe for up to 24 hours. If you don't have a bag, you can use a clean, dry cloth or paper towel to wrap the tooth. The tooth should be kept in a cool, moist environment. Do not let the tooth dry out. If you can't get to the dentist office right away, you can call the dentist office to see if they can help. If you can't get to the dentist office right away, you can call the dentist office to see if they can help.
