New Hampshire Public Libraries ,1938 *New York Magazine* ,1988-04-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Appetites of Girls** Pamela Moses,2014-06-26

For the audience that made *Commencement* a New York Times bestseller comes a novel about women making their way in the world. Self-doubting Ruth is coddled by her immigrant mother who uses food to soothe and control. Defiant Francesca believes her heavy frame shames her Park Avenue society mother and to provoke her consumes everything in sight. Lonely Opal longs to be included in her glamorous mother's dinner dates until a disturbing encounter forever changes her desires. Finally Setsu, a promising violinist, staves off conflict with her jealous brother by allowing him to take the choicest morsels from her plate and from her future. College brings the four young women together as suitemates where their stories and appetites collide. Here they make a pact to maintain their friendships into adulthood but each must first find strength and her own way in the world.

Congressional Record United States. Congress, 2012 Extending Virtual Worlds Ann Latham Cudworth, 2018-09-03

Written as the successor to *Virtual World Design: Creating Immersive Virtual Environments*, this book carries the ideas brought forward in its predecessor to new levels of virtual world design exploration and experimentation. Written by an Emmy award-winning designer with 22 years of experience creating virtual environments for television and online communities, *Extending Virtual Worlds: Advanced Design for Virtual Environments* explores advanced topics such as multi-regional design, game-based sims, and narrative structure for environments. The book provides bedrock knowledge and practical examples of how to leverage design concepts within the intertwined structures of physics engines, level of detail (LOD) systems, and advanced material editors. It also shows designers new ways to influence the experience of virtual world visitors through immersive narrative and storytelling. With over 150 illustrations and 10 step-by-step projects that include the necessary 3D models and modular components, it delivers hours of stimulating creative challenges for people working in public virtual worlds or on private grids. By using this book, novices and advanced users will deepen their understanding of game design and how it can be applied to creating game-based virtual environments. It also serves as a foundational text for class work in distance learning, simulation, and other learning technologies that use virtual environments.

The Literary World, 1876 **New York Magazine**, 1981-03-23

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.
