Di JIN,Eugene Albert NIDA

And Another Thing English Edition:

On Translation Di JIN, Eugene Albert NIDA, 2006-03-01 Following the theoretical framework Nida had developed over decades of work on translation and semiotics the two authors offer an easily comprehensible analysis of the complex problems involved in translation After a critical review of the historical development of translation theory in the light of modern information theory they elucidate the most fundamental principles of translation in accordance with the concept of dynamic equivalence The treatment is closely related to actual translation practice and the principles elucidated are applicable to all types of translation though most of the examples analyzed are taken from translations between Chinese and English This new and expanded edition has two main parts Part I is the complete text of the original work as published in the early 1980s Part II consists of six of Professor Jin's more recent essays which provide further insights into the principle of equivalent effect and its applications in literary translation Particular attention is paid to practical procedures and the extremely complex relationship between creative translation and real fidelity Published by City University of Hong Kong Press

A Kingdom for Us Kathy Zuziak, 2024-02-28 A Kingdom for Us was written to answer questions that everybody has Is there really a devil and what can he do What is the big deal about praise and worship What is the baptism in the Holy Spirit and do we need it How do you get the kind of faith that produces miracles Where are we in the timeline If you have wondered about any of these things you are not alone This Bible study was designed to help all of us understand what is going on There is a Kingdom and Jesus is the King Jesus tells us that the Kingdom is coming and also that the Kingdom is within us This would not seem to make sense unless you realize that Jesus is speaking of both physical and spiritual kingdoms Either way the Kingdom brings heaven on earth Wouldn't we like to have some of that This is good stuff my friend If you are a regular nonreligious sort of person that just wants to know the truth even someone who has never read the Bible then this study is for you If you have some previous knowledge but aren't sure how it all works together this study is for you too Perhaps it will help connect the dots 139 167

Spiritual Despots J. Barton Scott, 2016-07-19 Historians of religion have examined at length the Protestant Reformation and the liberal idea of the self governing individual that arose from it In *Spiritual Despots* J Barton Scott reveals an unexamined piece of this story how Protestant technologies of asceticism became entangled with Hindu spiritual practices to create an ideal of the self ruling subject crucial to both nineteenth century reform culture and early twentieth century anticolonialism in India Scott uses the quaint term priestcraft to track anticlerical polemics that vilified religious hierarchy celebrated the individual and endeavored to reform human subjects by freeing them from external religious influence By drawing on English Hindi and Gujarati reformist writings Scott provides a panoramic view of precisely how the specter of the crafty priest transformed religion and politics in India Through this alternative genealogy of the self ruling subject *Spiritual Despots* demonstrates that Hindu reform movements cannot be understood solely within the precolonial tradition but rather need to be read alongside other movements of their period The book's focus moves fluidly between Britain and India engaging thinkers such as James Mill Keshub Chunder Sen Max Weber Karsandas Mulji Helena Blavatsky M K Gandhi and others to show how colonial Hinduism shaped major modern discourses about the self Throughout Scott sheds much needed light how the rhetoric of priestcraft and practices of worldly asceticism played a crucial role in creating a new moral and political order for twentieth century India and demonstrates the importance of viewing the emergence of secularism through the colonial encounter
