Paul Wells

Animation Genre And Authorship:

Animation Paul Wells, 2002 Wells provides an overview of the distinctive language of animation its production processes and the particular questions about who makes it under what conditions and with what purpose **The Crash Controversy** Martin Barker, Jane Arthurs, Ramaswami Harindranath, 2001 Between 1996-97 an almost unprecedented campaign was mounted in the British press against one film David Cronenberg's *Crash* What motivated this campaign What can it tell us about British film culture What impact did the campaign have on general audiences This book which draws on a year long investigation supported by the Economic and Social Research Council offers a series of important and challenging findings and is a major contribution to our understanding of censorship campaigns how audiences respond to films and the strategies employed in engaging with such texts **The Oxford Handbook of Children's Film** Noel Brown, 2022 Offers a comprehensive and wide ranging study of children's film Takes an interdisciplinary approach that encompasses contributions from scholars in the fields of film studies children's education children's media studies children's literature studies animation studies and fandom studies Features an international scope covering iconic films from Hollywood including Disney as well as from Britain France Germany Sweden Norway Hungary Australia China Japan South Korea India Iran and Kenya Includes chapters written from a range of critical approaches to children's film including genre ideology narrative stardom music industry studies and primary research on audiences and reception Book jacket *Animation and Memory* Maarten van Gageldonk, László Munteán, Ali Shobeiri, 2020-08-20 This book examines the role of memory in animation as well as the ways in which the medium of animation can function as a technology of remembering and forgetting By doing so it establishes a platform for the cross fertilization between the burgeoning fields of animation studies and memory studies By analyzing a wide range of different animation types from stop motion to computer animation and from cell animated cartoons to painted animation this book explores the ways in which animation can function as a representational medium The five parts of the book discuss the interrelation of animation and memory through the lens of materiality corporeality animation techniques the city and animated documentaries These discussions raise a number of questions how do animation films bring forth personal and collective pasts What is the role of found footage objects and sound in the material and affective dimensions of animation How does animation serve political ends The essays in this volume offer answers to these questions through a wide variety of case studies and contexts The book will appeal to both a broad academic and a more general readership with an interest in animation studies memory studies cultural studies comparative visual arts and media studies Chapter Introduction is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com **The Fundamentals of Animation** Paul Wells, 2006-06 The Fundamentals of Animation by Paul Wells offers an illustrated and visually stimulating introduction to the key elements of animation It discusses the key principles and processes involved in animation exploring the entirety of the creative process from finding and researching a concept through the preparation and

techniques used to the execution of the work Each stage is presented in an engaging visual style accompanied by examples and analysis of contemporary student and commercial animation The book also discusses the links between animation and the styles and narratives of other areas of popular culture aligning theory and ideas to practical advice It includes a section for aspiring animators examining career paths portfolios and the structure of the creative industries

The Near-Death of the Author John Potts,2022-11-01 In the modern world of networked digital media authors must navigate many challenges Most pressing the illegal downloading and streaming of copyright material on the internet deprives authors of royalties and in some cases it has discouraged creativity or terminated careers Exploring technology s impact on the status and idea of authorship in today s world The Near Death of the Author reveals the many obstacles facing contemporary authors John Potts details how the online culture of remix and creative reuse operates in a post authorship mode with little regard for individual authorship The book explores how developments in algorithms and artificial intelligence AI have yielded novels newspaper articles musical works films and paintings without the need of human authors or artists It also examines how these AI achievements have provoked questions regarding the authorship of new works such as Does the author need to be human And more alarmingly Is there even a need for human authors Providing suggestions on how contemporary authors can endure in the world of data the book ultimately concludes that network culture has provoked the near death but not the death of the author

Animated Film and Disability Slava Greenberg,2023-02-07 While many live action films portray disability as a spectacle Crip animation a genre of animated films that celebrates disabled people s lived experiences uses a variety of techniques like clay animation puppets pixilation and computer generated animation to represent the inner worlds of people with disabilities Crip animation has the potential to challenge the ableist gaze and immerse viewers in an alternative bodily experience In *Animated Film and Disability* Slava Greenberg analyzes over 30 animated works about disabilities including *Rocks in My Pockets* *An Eyeful of Sound* and *A Shift in Perception* He considers the ableism of live action cinematography the involvement of filmmakers with disabilities in the production process and the evocation of the spectators senses of sight and hearing consequently subverting traditional spectatorship and listenership hierarchies In addition Greenberg explores physical and sensory accessibility in theaters and suggests new ways to accommodate cinematic screenings Offering an introduction to disability studies and crip theory for film media and animation scholars *Animated Film and Disability* demonstrates that crip animation has the power to breach the spectator s comfort evoking awareness of their own bodies and in certain cases their social privileges
