Another Draft By Femi Osofisan:

The Drama of Femi Osofisan Muiyiwa P. Awodiya, 1995 Explorations in Southern African Drama, Theatre and Performance Patrick J. Ebewo, 2017-05-11 In spite of the rich repertoire of artistic traditions in Southern Africa particularly in the areas of drama theatre and performance there seems to be a lack of a corresponding robust academic engagement with these subjects While it can be said that some of the racial groups in the region have received substantial attention in terms of scholarly discussions of their drama and theatre performances the same cannot be said of the black African racial group As such this collection of thirteen chapters represents a compendium of critical and intellectual discourses on black African drama theatre and performance in Botswana Lesotho South Africa and Swaziland The topics covered in the book include amongst others ritual practices interventionist approaches to drama textual analyses and the funeral rites viewed as performance of the South African liberation icon Nelson Mandela The discussions are rooted mainly using African paradigms that are relevant to the context of African cultural production The contributions here add to the aggregate knowledge economy of Southern Africa promote research and publication and provide reading materials for university students specialising in the performing arts As such the book will appeal to academics theatre scholars cultural workers and arts administrators arts practitioners and entrepreneurs the tourism industry arts educators and development communication experts **Theatre, Globalization and the Cold War** Christopher B. Balme, Berenika Szymanski-Düll, 2017-06-05 This book examines how the Cold War had a far reaching impact on theatre by presenting a range of current scholarship on the topic from scholars from a dozen countries They represent in turn a variety of perspectives methodologies and theatrical genres including not only Bertolt Brecht Jerzy Grotowski and Peter Brook but also Polish folk dancing documentary theatre and opera production The contributions demonstrate that there was much more at stake and a much larger investment of ideological and economic capital than a simple dichotomy between East versus West or socialism versus capitalism might suggest Culture and theatrical culture in particular with its high degree of representational power was recognized as an important medium in the ideological struggles that characterize this epoch Most importantly the volume explores how theatre can be reconceptualized in terms of transnational or even global processes which it will be argued were an integral part of Cold War rivalries Crossroads in the Black Aegean Barbara Goff, Michael Simpson, 2007-11-15 Crossroads in the Black Aegean is a compendious timely and fascinating study of African rewritings of Greek tragedy It consists of detailed readings of six dramas and one epic poem from different locations across the African diaspora Barbara Goff and Michael Simpson ask why the plays of Sophocles Theban Cycle figure so prominently among the tragedies adapted by dramatists of African descent and how plays that dilate on the power of the past in the inexorable curse of Oedipus and the regressive obsession of Antigone can articulate the postcolonial moment Capitalizing on classical reception studies postcolonial studies and comparative literature Crossroads in the Black Aegean co ordinates theory and theatre It crucially investigates how the

plays engage with the Western canon and shows how they use their self consciously literary status to assert ironize and challenge their own place and that of the Greek originals in relation to that tradition Beyond these oedipal reflexes the adaptations offer alternative African models of cultural transmission

African Theatre Martin Banham, James Morel Gibbs, James Gibbs, Femi Osofisan, 2001 Includes the playscript of *Toufann* by Dev Virahsawmy an English version of his Mauritian Creole interpretation of *The Tempest*

Literature and Sociology L. O. Bamidele, 2000

Vision of Change in African Drama Sola Adeyemi, 2019-08-05 Femi Osofisan is a major dramatist from Nigeria who experiments with forms and theatrical traditions This book focuses on his development as a dramatist and his contribution to world drama as a postcolonial African writer whose major preoccupation has been to question the colonial and postcolonial issues of identity in theatre literature and performance The volume explores how Osofisan exploits his Yoruba heritage in his drama and the performances of his plays by reading new meanings into popular mythology and by re writing history to comment on contemporary social and political issues Osofisan has often introduced new motifs and narratives to energise dramatic performances in Nigeria and globally and this text discusses developments in his theatre practices in the context of changing cultural trends
