Ans Sous Sarkozy:

French Politics and Society Alistair Cole, 2017-04-21 French Politics and Society is the ideal companion for all students of France and French politics with a strong reputation for its lucidity and lively exposition of the French polity. This third edition remains a highly readable text and offers a broad critical and comprehensive understanding of French politics. The book provides an excellent description of French institutions and ensures readers access to background information through discussing historical developments, political forces, public policy and the evolution of important aspects of French society. Key updates for the third edition include extensive updates including the Chirac, Sarkozy and Hollande presidencies, inclusion of constitutional and state reform coverage since 2008, the French party system and evolution of the French left and right, more on France's positioning with regards to Brussels and the impact of the European economic crisis. French Politics and Society is essential reading for all undergraduates studying French politics, French studies, European studies or comparative politics.

Financial Crises and the Limits of Bank Reform Eileen Keller, 2021 This book explains the reforms that have been implemented in France and Germany in response to the global financial crisis. It focuses on international banking reforms and domestic responses to the crisis.

Free to Stand for Truth and Justice Laurent Gbagbo, 2023-10-11 Ousted from power by the French army on April 11, 2011 following the disputed presidential election in Côte d'Ivoire of November 2010, Laurent Gbagbo was charged with crimes against humanity before the International Criminal Court (ICC) in The Hague on December 5, 2011. This book, written from 2012 onwards thanks to numerous prison visits and interviews, is the only one to have been produced with the participation of the Ivorian president during his incarceration and trial. This unique testimony is more than ever a document for history because it sheds light on the manipulations of the 2010 elections, the collusion between Nicolas Sarkozy's France and the ICC to get rid of Laurent Gbagbo, and the stalling tactics and maneuvers that marred Gbagbo's tenure. Over meetings with François Mattei, Laurent Gbagbo looks back on his seven years in prison, explains what they mean, and shares his vision for the future that of a free man. Come what may, Laurent Gbagbo, historian and university professor, has campaigned all his life for the establishment of true democracy in his country, Côte d'Ivoire. He was elected President of the Republic in October 2000. His struggle to give meaning to the word independence has always pitted him against powerful interests. François Mattei is a journalist and author of numerous books.
