Technology and Literacy Jennifer Nelson, Keith Braafladt, 2012 Explains why it is important for libraries to offer rich media technology based programs for youth and how you can do it in your library *A Handbook For Grandparents* Lynn Wilson, 2015-12-21 Are you a grandparent looking to connect with your grandchild A parent looking to help your own parents connect with your children Are you looking for activities to do with your grandkids that are not only fun but also educational With over 700 different creative and educational crafts and activities from imaginative rainy day activities to tasks designed to help with difficult transitions the projects in this handbook will give you the tools to connect with your grandchildren and meaningfully impact their growth and development With increasingly longer life expectancies in our society children are able to have longer and more meaningful relationships with their grandparents and they can have fun while they re doing it Speaking to the need for positive intergenerational relationships in today s families A Handbook for Grandparents is your comprehensive guide to helping your grandchildren grow and develop in a positive way **Finding the Path of Me** Wendy Hutchinson, Becky Bayne, 2021-11-23 Finding the Path of Me is a journey sparked by the desire to find myself It was often emotionally painful but only through emotional healing can transformation occur I had to face my deepest fears to ascend and go higher vibrationally It felt at times like the complete destruction and decomposition of me Slowly I brought all the fractals of myself that I had so carelessly given away back together Unknowingly I embarked on a journey of spiritual awakening There was an organic path that unfolded as I ventured into the unknown A pattern of awareness inner work and clearing happened over and over as I spiraled up the mountain Sometimes life broke me but I rose stronger This book is a guide for anyone navigating their own ascension path It offers tools to help people overcome adversity and find courage to release what no longer serves them and is also a reminder they were born worthy What you will learn from this book How your family of origin story impacts your adult mindset and behavior patterns An understanding of energy frequency and consciousness and how it affects your life The process of healing emotional wounds shedding and releasing what no longer serves you and how it will change your life How to love yourself and align with your truth to live an empowered and authentic life **InCider** , 1993 **These Boys and Their Fathers** Don Waters, 2019-10-01 In 2010 Don Waters set out to write a magazine story about a surfing icon who had known his absentee father It was an attempt to find a way of connecting to a man he never knew He didn t imagine that the story would become a years long quest to understand a man who left behind almost nothing except for a self absorbed autobiography for his abandoned son These Boys and Their Fathers touches on Waters s early life with his single mother and her string of dysfunctional men and his later search for and encounters with his father but it quickly expands into a gripping account of the life of a 1930s pulp writer also named Don Waters with whom Waters becomes obsessed This wildly original book blends memoir investigative reporting and fiction to sort out difficult aspects of family masculinity and what it means to be a father **The Heart of Fiction** Kate Roberts, 2025-12-29 Reading

fiction is at the heart of our classrooms It s what we love It s what we want our students to love whether whole class novels book club texts or independent choices But to love fiction kids need to be able to and hopefully want to read without our constant guidance and instruction How can we coach students towards more proficient independent practice when they read Kate Roberts offers strategies to teach the skills students need to confidently analyze character theme and craft strategies they can repeatedly practice across time and texts Since reading strategies alone don t help teachers or students understand the why and how each strategy is anchored by Two page Essays in which Kate describes her thinking about the strategy and explores the human connection to it Why does this strategy matter How does this strategy connect to ways we can think about our own lives Lessons that offer step by step ideas for teaching the skills and strategies in ways that make sense to kids Examples of student work and ideas for feedback bring the lessons to life while templates tools and graphic organizers make teaching them that much easier The Heart of Fiction is about more than skill building It s also about the conditions we can set up in our teaching to make this work stick and for our students to truly grow into themselves as readers It s about the lifeblood of our classrooms
