Amazon Coupons December 2013:

Policing the Amazon Vicente Riccio,Guilherme Lopes da Cunha,2024-11-18 This edited collection discusses the rule of law in the Amazon and the capabilities of the region s sovereign states to police their territory considering security matters Comprised of nine countries including a European Union member the Amazon region features states facing political instability poverty social inequalities high levels of corruption and lack of trust by their populations This context is aggravated by the presence of criminal organizations operating there and shaping transnational bonds Notably the world s foremost cocaine producing countries Colombia Peru and Bolivia are located in the region presenting related turmoil and instability Moreover as home to the largest rainforest on Earth and the widest biodiversity the region is an object of concern due to environmental reasons The protection of these natural resources as well as the traditional peoples living there is intertwined with issues of development security and policing The book delves into questions on the international agenda such as how is it possible to sustain the rule of law in the Amazon What are the states capabilities for controlling the territory and enforcing the law How do these states deal with the growing urban violence in the region What are the capabilities of public authorities for proposing laws and policies and judicial systems to process prevent and suppress different crimes such as drug dealing smuggling human trafficking terrorism and environmental crimes The book fills a gap in English language scholarship exploring the context of the rule of law in the Amazon and the impact on policing activities It is ideal for a wide range of audiences including policing scholars law enforcement and community leaders and students focusing on criminal justice and the Amazon

Just Code Associate Director Charles Babbage Institute and Faculty Jeffrey R Yost,Jeffrey R. Yost,Gerardo Con Díaz,2025-11-25 This book examines how IT giants use software algorithms and systems to reinforce global social inequalities It offers scholars and students a broad analysis of the power structures embedded in digital technologies and serves as an accessible resource for introducing the diverse methods and perspectives needed to understand these issues

Just Code Jeffrey R. Yost,Gerardo Con Díaz,2025-11-25 How code shapes power and inequality across technology governance and global political economies Code whether software routines legal frameworks or informal social norms shapes the world around us in profound and often invisible ways In Just Code editors Jeffrey R Yost and Gerardo Con D az bring together a diverse group of scholars to examine how different forms of code both structure and reinforce power dynamics across societies From algorithmic bias in artificial intelligence to global labor practices this collection uncovers the hidden mechanisms by which code perpetuates inequality and injustice It explores connections among technology governance and socioeconomic systems to reveal how code is both a tool of control and a product of the power structures it enables Contributors analyze topics such as platform economies algorithmic collusion and labor practices in the tech industry as well as how systems of representation and communication encode biases that amplify racial gendered and economic inequalities These essays provide a critical lens for understanding how code intersects with politics and global cultures of technology

production and use By broadening the concept of code to include legal social and cultural systems this collection challenges readers to see beyond the technical and interrogate the structures of power embedded in every layer of modern life Just Code introduces a new framework for understanding the relationships among information technologies systemic inequities and the political economies that sustain them

Code Halos Malcolm Frank,Paul Roehrig,Ben Pring,2014-04-07 Harness Code Halos to gain competitive advantage in the digital era Amazon beating Borders Netflix beating Blockbuster Apple beating Kodak and the rise of companies like Google LinkedIn and Pandora are not isolated or random events Today s outliers in revenue growth and value creation are winning with a new set of rules They are dominating by managing the information that surrounds people organizations processes and products what authors Malcolm Frank Paul Roehrig and Ben Pring call Code Halos This is far beyond Big Data and analytics Code Halos spark new commercial models that can dramatically flip market dominance from industry stalwarts to challengers In this new book the authors show leaders how digital innovators and traditional companies can build Code Halo solutions to drive success The book Examines the explosion of digital information that now surrounds us and describes the profound impact this is having on individuals corporations and societies Shows how the Crossroads Model can help anticipate and navigate this market shift Provides examples of traditional firms already harnessing the power of Code Halos including GE s Brilliant Machines Disney s theme park Magic Band and Allstate s mobile devices and analytics that transform auto insurance With reasoned insight new data real world cases and practical guidance Code Halos shows seasoned executives entrepreneurs students line of business owners and technology leaders how to master the new rules of the Code Halo economy

Cultural Code Phillip Penix-Tadsen,2016-02-12 How culture uses games and how games use culture an examination of Latin America s gaming practices and the representation of the region s cultures in games Video games are becoming an ever more ubiquitous element of daily life played by millions on devices that range from smart phones to desktop computers An examination of this phenomenon reveals that video games are increasingly being converted into cultural currency For video game designers culture is a resource that can be incorporated into games for players local gaming practices and specific social contexts can affect their playing experiences In Cultural Code Phillip Penix Tadsen shows how culture uses games and how games use culture looking at examples related to Latin America Both static code and subjective play have been shown to contribute to the meaning of games Penix Tadsen introduces culture as a third level of creating meaning Penix Tadsen focuses first on how culture uses games looking at the diverse practices of play in Latin America the ideological and intellectual uses of games and the creative and economic possibilities opened up by video games in Latin America the evolution of regional game design and development Examining how games use culture Penix Tadsen discusses in game cultural representations of Latin America in a range of popular titles pointing out for example appearances of Rio de Janeiro s Christ the Redeemer statue in games from Call of Duty to the tourism promoting Brasil Quest He analyzes this through semiotics the signifying systems of video games and the specific

signifiers of Latin American culture space how culture is incorporated into different types of game environments and simulation the ways that cultural meaning is conveyed procedurally and algorithmically through gameplay mechanics

Himagiri Penal Code Sarahu Nagarazan,2023-09-28 Allahu Jehovah has established a new nation nor world called Himagiri This country or World is also in the Himalayas between china and Tibet And there is the great capital called Devanagari The current Himagiri has 14 major cities They are all related to God Allahu Jehovah And the Himagiri has a new constitution and a new law section And there is also have a new religion And there were new sacred books when he was 32 Rather than saying that the Himagiri country is a new country nor world it can be called a new universe Because the Himagiri country has kept all the countries of the world under its control Himagiri is not limited to humans or not dedicated Himagiri it states that every country in the world should follow the Himagiri constitution The Constitution is not just for Himagiri country At present in some countries many religious practices and religion are being threatened by the constitution already in place Noticing this Param Prabhu Allahu Jehovah created the constitution that he himself had created in the universe to be implemented in all countries in the world He created it in the presence of all the deities of the universe In that constitution no country no one is threatened There is no difference Everyone gets equality and freedom there But the written constitution is not only applicable to human beings but also to other living beings **The Code Economy** Philip E.

Auerswald,2017 Code is the how of human productive activity The creation implementation and refinement of code have been the infrastructure of human progress from Neolithic simplicity to modern complexity In a sweeping narrative that takes readers from the production of Stone Age axes to the invention of chocolate chip cookies to the experience of Burning Man Philip Auerswald argues that the key driver of human history is the advance of code At each major stage in the advance of code over the span of centuries shifts in the structure of society have challenged we human beings to reinvent not only how we work but who we are We are at one of those stages now The Code Economy offers an indispensable guide to the future based on a narrative stretching forty thousand years into the past **Amazon's Dirty Little Secrets** Greg

Jameson,2014-08-01 Many people believe that Amazon's success is the direct result of a strong user shopping experience This however is only part of the reason why Amazon is the number one ecommerce company in the world for almost two decades The real reason behind Amazon's success is that they have mastered the art of getting other people to market and sell for them From affiliate partners that drive traffic to online reviews and ratings where customers tell other customers why they should buy a product to getting free publicity from shows like Oprah or 60 Minutes Amazon is the online company to emulate Amazon's Dirty Little Secrets will show you how you can accomplish this for your company Amazon's Dirty Little Secret is getting others to do their marketing and sales for them This is so powerful that Greg created an acronym using the word POWER P Plenty of traffic O Offer something for free W Win their trust E Engaging experience R Request an action additional tips secrets Anyone engaged in Internet sales and marketing will benefit from the specific examples in this book
