*Project Independence Blueprint* United States. Federal Energy Administration,1974 What is Project Independence The sources and uses of energy in the United States have changed dramatically in the last several decades As a result in just one generation we have shifted from a position of domestic energy abundance to a substantial and continually growing reliance on foreign energy sources Project Independence is a wide ranging program to evaluate this growing dependence on foreign sources of energy and to develop positive programs to reduce our vulnerability to future oil cut offs and price increases

**Spaceship Earth in the Environmental Age, 1960-1990** Sabine Höhler,2015-10-06 The idea of the earth as a vessel in space came of age in an era shaped by space travel and the Cold War Höhler's study brings together technology science and ecology to explore the way this latter day ark was invoked by politicians environmentalists cultural historians writers of science fiction and many others across three decades Latin America's Cold War Hal Brands,2012-03-05 For Latin America the Cold War was anything but cold Nor was it the so called long peace afforded the world's superpowers by their nuclear standoff In this book the first to take an international perspective on the postwar decades in the region Hal Brands sets out to explain what exactly happened in Latin America during the Cold War and why it was so traumatic Tracing the tumultuous course of regional affairs from the late 1940s through the early 1990s Latin America's Cold War delves into the myriad crises and turning points of the period the Cuban revolution and its aftermath the recurring cycles of insurgency and counter insurgency the emergence of currents like the National Security Doctrine liberation theology and dependency theory the rise and demise of a hemispheric diplomatic challenge to U S hegemony in the 1970s the conflagration that engulfed Central America from the Nicaraguan revolution onward and the democratic and economic reforms of the 1980s Most important the book chronicles these events in a way that is both multinational and multilayered weaving the experiences of a diverse cast of characters into an understanding of how global regional and local influences interacted to shape Cold War crises in Latin America Ultimately Brands exposes Latin America's Cold War as not a single conflict but rather a series of overlapping political social geostrategic and ideological struggles whose repercussions can be felt to this day **Of Walls and Bridges** Bennett Kovrig,1991-06 In this ambitious work Bennett Kovrig lucidly traces the economic political and ideological developments that have characterized U S relations with Eastern Europe since World War II Kovrig provides a refreshingly objective examination of the complex evolution of events that led to the end of the cold war His account of the days prior to America's global confrontation with the U S S R when U S interests in Eastern Europe were minimal of the economic and psychological warfare of the cold war and of the growing diversity of Eastern European nations that contributed to the upheavals of 1989 offers a rich and comprehensive background to the current scenario **The Beast on**

**the East River** Nathan Tabor, 2006-10-29 A call to arms for Americans to assert and preserve our national sovereignty by stopping the globalist agenda of the United Nations Is the United Nations the benign force for good that so many proclaim Or is there a darker agenda at work behind the scenes Nathan Tabor reveals the sinister plan behind the glossy image of world cooperation painted by the UN and its defenders The Beast on the East River includes original research into key policy areas including population control education and the international criminal court And it offers practical steps that concerned American citizens can take before it s too late In his debut book rising conservative voice Nathan Tabor offers a frightening expos of the United Nations global power grab and its ruthless attempt to control US education law gun ownership taxation and reproductive rights We are already very nearly at the point of no return says Tabor and most Americans aren t even aware of the impending danger This book is a call to immediate action read its contents very carefully What you will discover may surprise and anger you His book provides a measured intellectual argument against allowing the corrupt collectivist internationalists of the UN and its many metastasized affiliates to undermine and eventually steal one of America s most precious possessions its sovereignty Henry Mark Holzer CBN The Christian Broadcasting Network
