Finkelstein, 2024-05 Finalist for the 2024 National Jewish Book Award in Education and Jewish Identity *Saying No to Hate* grounds readers contextually in the history of antisemitism in America by emphasizing the legal political educational communal and other strategies American Jews have used through the centuries to address high profile threats Norman H Finkelstein shows how antisemitism has long functioned in America in systemic structural and interpersonal ways from missionaries the KKK and American Nazis to employment discrimination social media attacks and QAnon He explains how historic antisemitic events such as General Ulysses S Grant's General Order No 11 1862 the Massena New York blood libel 1928 and the mass shooting at the Tree of Life synagogue 2018 galvanized the Jewish community Finkelstein shines light on Jews such as Louis Brandeis and Admiral Hyman Rickover who succeeded despite discrimination and on individuals and organizations that have tackled legal and security affairs from the passage of Maryland's Jew Bill 1826 to groups helping Jewish institutions better protect themselves from active shooter threats Far from a victim

Thinking Jewish Culture in America argues that Jewish thought extends our awareness and deepens the complexity of American Jewish culture This volume stretches the disciplinary boundaries of Jewish thought so that it can productively engage expanding arenas of culture by drawing Jewish thought into the orbit of cultural studies The eleven contributors to Thinking Jewish Cultures together with Chancellor Arnold Eisen s postscript position Jewish thought within the dynamics and possibilities of contemporary Jewish culture These diverse essays in Jewish thought re imagine cultural space as a public and sometimes contested performance of Jewish identity and they each seek to re enliven that space with reflective accounts of cultural meaning How do Jews imagine themselves as embodied actors in America Do cultural obligations limit or expand notions of the self How should we imagine Jewish thought as a cultural performance What notions of peoplehood might sustain a vibrant Jewish collectivity in a globalized economy How do programs in Jewish studies work within the academy These and other questions engage both Jewish thought and culture opening space for theoretical works to broaden the range of cultural studies and to deepen our understanding of Jewish cultural dynamics Thinking Jewish Culture is a work about Jewish cultural identity reflected through literature visual arts philosophy and theology But it is more than a mere reflection of cultural patterns and choices the argument pursued throughout Thinking Jewish Culture is that reflective sources help produce the very cultural meanings and performances they purport to analyze *The Jewish World In Modern Times*
