United for Truth Robert L. O'Block, 2012-08 *United for Truth* The ACFEI story recounts the founding and the growth of the American College of Forensic Examiners Institute the world's leading forensic science association It includes fascinating forensic science case stories as well as profiles of leading forensic science professionals *Becoming Board Certified by the American Board of Professional Psychology* Christine Maguth Nezu, Alfred J. Finch, Norma P. Simon, 2009-07-30 For the past 60 years the American Board of Professional Psychology ABPP has been the premier credentialing agency for psychologists ABPP is increasingly recognized as a highly valuable standard of specialty competency through the board certification process For specialty recognition some jurisdictions require ABPP certification with more states getting involved each year Additionally there is increasing recognition of the importance of the ABPP credential by employers such as hospitals and health service systems and organizations such as the US Public Health Service the US Department of Defense and the Department of Veteran Affairs This edited book provides a comprehensive description and hands on practical guide for individuals seeking certification from any one of the 13 specialty boards of the American Board of Professional Psychology The book contains answers to frequent areas of inquiry and questions posed by potential candidates In addition to providing a brief description of the history and mission of ABPP the book offers step by step information concerning the where what and how of the board certification process Finally never before offered information is provided such as what pitfalls to avoid and how to get further involved in the profession as a board certified psychologist **The Oxford Handbook of Cognitive**

and Behavioral Therapies Christine M. Nezu, Arthur M. Nezu, 2016 *The Oxford Handbook of Cognitive and Behavioral Therapies* provides a contemporary and comprehensive illustration of the wide range of evidence based psychotherapy tools available to both clinicians and researchers Chapters are written by the most prominent names in cognitive and behavioral theory assessment and treatment and they provide valuable insights concerning the theory development and future directions of cognitive and behavioral interventions Unlike other handbooks that provide a collection of intervention chapters but do not successfully tie these interventions together the editors have designed a volume that not only takes the reader through underlying theory and philosophies inherent to a cognitive and behavioral approach but also includes chapters regarding case formulation requisite professional cognitive and behavioral competencies and integration of multiculturalism into clinical practice *The Oxford Handbook of Cognitive and Behavioral Therapies* clarifies terms present in the literature regarding cognitive and behavioral interventions and reveals the rich variety similarities and differences among the large number of cognitive and behavioral interventions that can be applied individually or combined to improve the lives of patients
