All Music Guide To Rock 4th Edition:

Professor Lundy's Guide to Rock Music Connoisseurship Duane Emerson Lundy, 2023-10-20 This empirical and theoretical book should be of interest to anyone who dares to consider the contentious topic of measuring and justifying aesthetic value in music as well as the issue of how experts compare to nonexperts in terms of aesthetic fluency aesthetic sensitivity and aesthetic judgment in appraising music The book should be both practical and personal for anyone who has a music collection and loves to see it grow continuously but wisely What makes someone an expert The key issue tackled here is how one develops into such a connoisseur of music Overall the book should spark much healthy debate about rock music quality and aesthetics in general both among scholars of aesthetics and the musically passionate general public Many of the ideas for connoisseur development for music could also be applied to appraisal in other areas of aesthetics beyond music such as films visual art or literature Words of Praise Professor Lundy's Guide to Rock Music Connoisseurship is simply fantastic It is written with elegance eloquence and passion His vast knowledge of rock n roll will enlighten every reader and his enthusiasm for this topic is infectious The book is designed to be comprehensible to any reader but also carefully cited to please the most demanding scholar He successfully aims to teach the reader how to become expert in evaluating the aesthetic quality of music using a precision system to guide us into deeper and defensible judgements on what pieces of music are the best and which are the worst This is a beautiful book that enriches the heart and brightens the mind Rhett Diessner Professor Emeritus of Psychology Lewis Clark State College author of Understanding the Beauty Appreciation Trait Empirical Research on Seeking Beauty in All Things Aesthetic judgments of music are important but poorly understood To the everyday listener they may seem arbitrary or otherwise inexplicable In this book Professor Lundy offers an unashamedly positive view on aesthetic judgments emphasizing their rational nature and showing how various non aesthetic biases that do exist can be minimized The result is a joyful celebration of music science and connoisseurship which is sure to spark further interest and debate on this fascinating topic Professor Patrik N Juslin Music Psychology Group Uppsala University Sweden

Choice,2006-03

The Arts in America: New Directions, *But is it Garbage?* Steven L. Hamelman,2004 Trash has been blowing across the rock n roll landscape since the first amplified guitar riff tore through American mass culture Throwaway tunes wasted fans crappy reviews junk bins of remaindered albums much of rock s quintessence is handily conveyed in terms of disposability and impermanence Steven L Hamelman sums up these rubbishy affinities as rock s trash trope Trash is an obvious physical presence on the rock scene think of Woodstock s littered pastures or the many hotel rooms redecorated by the Who More intriguingly Hamelman says trash is the catalyst for a powerful mode of rock composition and criticism It is for instance both cause and effect when performers like the Ramones or Beck at once critique junk culture and revel in it But Is It Garbage spills over with challenging insights into how rock s creators critics and consumers transform and are transformed by trash as a fact and a concept In the music s preoccupation with its own trashiness readers will perceive a wellspring of rock innovation and inspiration one largely overlooked and little understood until now

A Blues Bibliography Robert Ford,2008-03-31 A Blues Bibliography Second Edition is a revised and enlarged version of the definitive blues bibliography first published in 1999 Material previously omitted from the first edition has now been included and the bibliography has been expanded to include works published since then In addition to biographical references this work includes entries on the history and background of the blues instruments record labels reference sources regional variations and lyric transcriptions and musical analysis The Blues Bibliography is an invaluable guide to the enthusiastic market among libraries specializing in music and African American culture and among individual blues scholars

Rock Song Index Bruce Pollock,2014-03-18 The Rock Song Index Second Edition is a new version of a well received index to the classic songs of the rock canon from the late 40s through the end of the 20th century The study of the history of rock music

has exploded over the last decade all college music departments offer a basic rock history course covering the classic artists and their songs *Encyclopedia of Great Popular Song Recordings* Steve Sullivan, 2013-10-04 From John Philip Sousa to Green Day from Scott Joplin to Kanye West from Stephen Foster to Coldplay The Encyclopedia of Great Popular Song Recordings Volumes 1 and 2 covers the vast scope of its subject with virtually unprecedented breadth and depth Approximately 1 000 key song recordings from 1889 to the present are explored in full unveiling the stories behind the songs the recordings the performers and the songwriters Beginning the journey in the era of Victorian parlor balladry brass bands and ragtime with the advent of the record industry readers witness the birth of the blues and the dawn of jazz in the 1910s and the emergence of country music on record and the shift from acoustic to electrical recording in the 1920s The odyssey continues through the Swing Era of the 1930s rhythm the rock modern soul the British invasion and the folk rock movement of the 1960s and finally into the modern era through the musical streams of disco punk grunge hip hop and contemporary dance pop Sullivan however also takes critical detours by extending the coverage to genres neglected in pop music histories from ethnic and world music the gospel recording of both black and white artists and lesser known traditional folk tunes that reach back hundreds of years This book is ideal for anyone who truly loves popular music in all of its glorious variety and anyone wishing to learn more about the roots of virtually all the music we hear today Popular music fans as well as scholars of recording history and technology and students of the intersections between music and cultural history will all find this book to be informative and interesting
