

The background of the slide is a painting of a woman in a white, flowing dress, looking into a large, ornate mirror. She has pink roses in her hair and is holding a small bouquet of flowers. The scene is set in a room with a dark background and a small statue on a table in the distance.

Thackeray's Novels Jack P. Rawlins, 2024-06-28 Jack P. Rawlins's study explores one of the great problems of mid Victorian literature the explanation and justification of William Makepeace Thackeray's narrative style and structure Rawlins finds that Thackeray in his novels of English society uses an exaggeratedly conventional plot structure as a means to comment on the condition of the novel in England The frustration and fury that have traditionally been the response of the feeling reader to the excesses of Thackeray's narrator are the result of a basic aesthetic conflict of which Thackeray wants to make us inescapably aware a conflict between the dramatic action which demands a commitment from us and a narrator who feels that the commitment has been thoughtlessly made and who seeks to turn our attention to the didactic uses of the novel to the lie of the realistic and to other aesthetic and moral issues

Treating *The Newcomers* *Vanity Fair* *The Virginians* and *Philip* in detail and the other works in the canon more briefly Rawlins locates Thackeray directly astride the most serious aesthetic problem of his age the status of fiction and its proper employment This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1974

Religion in the English Novel Michael Giffin, 2020-10-23 Romanticism marked a dramatic turning point in philosophy and aesthetics The shift from Classicism to Romanticism to Modernism and its Posts is paralleled in the shift from Kant to Hegel to Nietzsche to Derrida The central notions of the Enlightenment nature progress rationalism and rejection of the irrational are opposed by the central notions of the Counter Enlightenment relativism vitalism anti rationalism and sense of the organic Then there is the idea of freedom at the heart of the West's religious and secular vocabularies The authors discussed in this study ask their readers to consider the question of freedom and constraints upon it For some freedom is found in Christianity for others Christianity is freedom's enemy
