J Rink

Amazing Arts 11 Hishikawa Moronobu Volume 11:

Painting the Floating World Janice Katz, Mami Hatayama, 2019-01-08 From the 17th through the 19th century artists in Kyoto and Edo now Tokyo captured the metropolitan amusements of the floating world ukiyo in Japanese through depictions of subjects such as the beautiful women of the Yoshiwara pleasure quarters and performers of the kabuki theater In contrast to ukiyo e prints by artists such as Katsushika Hokusai which were widely circulated ukiyo e paintings were specially commissioned unique objects that displayed the maker's technical skill and individual artistic sensibility Featuring more than 150 works from the celebrated Weston Collection the most comprehensive of its kind in private hands and published here for the first time in English this lavishly illustrated and meticulously researched volume addresses the genre of ukiyo e painting in all its complexity Individual essays explore topics such as shunga erotica mitate e images that parody or transform a well known story or legend and poetic inscriptions revealing the crucial role that ukiyo e painting played in a sophisticated urban culture

Block Printing & Book Illustration in Japan Louise Norton Brown, 2024-12-06 Block Printing Book Illustration in Japan 1924 was one of the first guides to Japanese illustration and remains indispensable to this day The author travelled widely in Japan persuading Japanese collectors to open their archives to her for study and here compiles a wealth of unique research

The Book Worlds of East Asia and Europe, 1450-1850 Joseph P. McDermott, Peter Burke, 2015-10-01 This volume provides the first comparative survey of the relations between the two most active book worlds in Eurasia between 1450 and 1850 Prominent scholars in book history explore different approaches to publishing printing and book culture They discuss the extent of technology transfer and book distribution between the two regions and show how much book historians of East Asia and Europe can learn from one another by raising new questions exploring remarkable similarities and differences in these regions production distribution and consumption of books The chapters in turn show different ways of writing transnational comparative history Whereas recent problems confronting research on European books can instruct researchers on East Asian book production so can the privileged role of noncommercial publications in the East Asian textual record highlight for historians of the European book the singular contribution of commercial printing and market demands to the making of the European printed record Likewise although production growth was accompanied in both regions by a wider distribution of books woodblock technology's simplicity and mobility allowed for a shift in China of its production and distribution sites farther down the hierarchy of urban sites than was common in Europe And the different demands and consumption practices within these two regions expanding markets led to different genre preferences and uses as well as to the growth of distinctive female readerships A substantial introduction pulls the work together and the volume ends with an essay that considers how these historical developments shape the present book worlds of Eurasia This splendid volume offers expert new insight into the ways of producing financing distributing and reading printed books in early modern Europe and East Asia This is comparative history at its best which leaves us with a better understanding of each context and of the

challenges common to book cultures across space and time Ann Blair author of *Too Much to Know Managing Scholarly Information before the Modern Age* and professor of history Harvard University This engrossing account of the history of the book by leading specialists on the European and East Asian publishing worlds takes stock of what we know and how much we still need to know about the places that books had in the lives of our early modern forebears Each chapter is masterful state of the field coverage of its subject and together they set a new standard for future studies of the book East and West Timothy Brook author of *The Troubled Empire China in the Yuan and Ming Dynasties* *Japanese Art* Morgan Pitelka, 2018 This four volumes reference work offers a critical overview of the history and culture of Japanese art Drawing up English language texts from art history history and anthropology the volumes explore the diverse and changing material and visual cultures of Japan from the pre modern period to the present day 0 0 Over 80 essays from Asia North America and Europe are assembled in this set and they address four major themes material cultures ceramics textiles sculpture visual cultures painting calligraphy decorated screens printed matter wood block prints books and the context for Japan s art history networks of patronage sites of artistic production and consumption Each volume is separately introduced and the selected materials are presented chronologically within the four major themes 0 **Making Modern Japanese-Style Painting** Chelsea Foxwell, 2015-07-20 Introduction Nihonga and the historical inscription of the modern Exhibitions and the making of modern Japanese painting In search of images The painter and his audiences Decadence and the emergence of Nihonga style Naturalizing the double reading Transmission and the historicity of Nihonga Conclusion **The Bulletin of the Cleveland Museum of Art** Cleveland Museum of Art, 1984 *Dictionary Catalog of the Library of the Freer Gallery of Art. Smithsonian Institution, Washington* Freer Gallery of Art. Library, 1967 *Engaging the Other: 'Japan' and Its Alter-Egos, 1550-1850* Ronald P. Toby, 2019-01-21 In *Engaging the Other Japan and Its Alter Egos 1550 1850* Ronald P Toby examines new discourses of identity and difference in early modern Japan a discourse catalyzed by the Iberian irruption the appearance of Portuguese and other new radical others in the sixteenth century The encounter with peoples and countries unimagined in earlier discourse provoked an identity crisis a paradigm shift from a view of the world as comprising only three countries sangoku i e Japan China and India to a world of myriad countries bankoku and peoples In order to understand the new radical alterities the Japanese were forced to establish new parameters of difference from familiar proximate others i e China Korea and Ryukyu Toby examines their articulation in literature visual and performing arts law and customs **Andon** , 1996 **Kimono** Terry Satsuki Milhaupt, 2014-05-15 What is the kimono Everyday garment Art object Symbol of Japan As this book shows the kimono has served all of these roles its meaning changing across time and with the perspective of the wearer or viewer Kimono A Modern History begins by exposing the seventeenth and eighteenth century foundations of the modern kimono fashion industry It explores the crossover between art and fashion in this period at the hands of famous Japanese painters who worked with clothing pattern books and painted directly onto garments With Japan s exposure to

Western fashion in the nineteenth century and Westerners exposure to Japanese modes of dress and design the kimono took on new associations and came to symbolize an exotic culture and an alluring female form In the aftermath of the Second World War the kimono industry was sustained through government support The line between fashion and art became blurred as kimonos produced by famous designers were collected for their beauty and displayed in museums rather than being worn as clothing Today the kimono has once again taken on new dimensions as the Internet and social media proliferate images of the kimono as a versatile garment to be integrated into a range of individual styles Kimono A Modern History the inspiration for a major exhibition at the Metropolitan Museum of Art in New York not only tells the story of a distinctive garment s ever changing functions and image but provides a novel perspective on Japan s modernization and encounter with the West
