America Past And Present 7th Edition Notes:

America's New Empire Richard F. Hamilton, 2017-07-05 In this volume Hamilton deals with some of the antecedents and the outcome of the Spanish American war specifically the acquisition of an American empire It critiques the progressive view of those events questioning the notion that businessmen and compliant politicians aggressively sought new markets particularly those of Asia Hamilton shows that United States exports continued to go predominantly to the major European nations The progressive tradition has focused on empire specifically on the Philippines depicted as a stepping stone to the China market Hamilton shows that the Asian market remained minuscule in the following decades and that other historical works have neglected the most important change in the nation's trade pattern the growth of the Canada market which two decades after the 1898 war became the United States largest foreign market The book begins with a review and criticism of the basic assumptions of the progressive framework These are first that the nation is ruled by big business political leaders being compliant co workers Second that those businessmen are zealous profit seekers And third that they are well informed rational decision makers A further underlying assumption is that the economy was not functioning well in the 1890s and that a need for new markets was recognized as an urgent necessity so that big business accordingly demanded world power and empire Each of these assumptions pivotal elements in the dominant progressive tradition in historical writing is challenged with an alternative viewpoint presented Hamilton presents a different more complex view of the events following the Spanish American War The class dominance theory is not supported The alternative argued here elitism proves appropriate and more useful This review and assessment of arguments about American expansion in the 1890s adds much to the literature of the period

Law and Society in the South John W. Wertheimer, 2014-07-11 Law and Society in the South reconstructs eight pivotal legal disputes heard in North Carolina courts between the 1830s and the 1970s and examines some of the most controversial issues of southern history including white supremacy and race relations the teaching of evolution in public schools and Prohibition Finally the book explores the various ways in which law and society interacted in the South during the civil rights era The voices of racial minorities some urging integration others opposing it grew more audible within the legal system during this time Law and Society in the South divulges the true nature of the courts as the unpredictable venues of intense battles between southerners as they endured dramatic changes in their governing values

the diversity of postwar women showing how far women departed from this one dimensional image **The Annual American Catalogue 1886-1900** ,1898 **Beyond 1492** James Axtell,1992 In this provocative and timely collection of essays five published for the first time one of the most important ethnohistorians writing today James Axtell explores the key role of imagination both in our perception of strangers and in the writing of history Coinciding with the 500th anniversary of Columbus's discovery of America this collection covers a wide range of topics dealing with American history Three essays view the invasion of North America from the perspective of the Indians whose land it was The very first meetings he finds were nearly always peaceful Other essays describe native encounters with colonial traders creating the first consumer revolution and Jesuit missionaries in Canada and Mexico Despite the tragedy of many of the encounters Axtell also finds that there was much humor in Indian European negotiations over peace sex and war In the final section he conducts searching analyses of how college textbooks treat the initial century of American history how America's human face changed from all brown in 1492 to predominantly white and black by 1792 and how we handled moral questions during the Quincentenary He concludes with an extensive review of the Quincentenary scholarship books films TV and museum exhibits and suggestions for how we can assimilate what we have learned Hiroshima in History and Memory Michael J. Hogan,1996-03-29 This collection of essays surveys the Hiroshima story *Making JFK Matter* Paul H. Santa Cruz,2015-05-15 In *Making JFK Matter* Paul Santa Cruz examines how popular memory of John F Kennedy has been used politically by various interest groups primarily the city of Dallas Lyndon Johnson and Robert Kennedy as well as how the memory of Kennedy has been portrayed in various museums Santa Cruz argues that we have memorialized JFK not simply out of love for him or admiration for the ideals he embodied but because invoking his name carries legitimacy and power Memory can be employed to accomplish particular ends for example the passage of long overdue civil rights legislation or even successfully running for political office Santa Cruz demonstrates the presence and use of popular memory in an extensive analysis of what was being said and by whom about the late president through White House memoranda and speech material museum exhibits such as the Sixth Floor Museum in Dallas and the JFK Presidential Library and Museum in Boston public correspondence newspapers and periodicals of the time memoirs and archival research He also explores how JFK has been memorialized in films such as *Bobby* *JFK* and *Thirteen Days* Written in an accessible manner to appeal to both historians and the general public *Making JFK Matter* tells us much of how we have memorialized Kennedy over the years **The Gilded Age** Judith Freeman Clark,2009 Illustrates how historical events appeared to those who lived through the Gilded Age This book includes critical documents as well as capsule biographies of more than 100 key figures It contains maps graphs and charts and each chapter provides an introductory essay and a chronology of events **Progress of Russia in the West, North and South** David Urquhart,1853
