Joerg Herrmann

American Heart Association Core Instructors Manual:

Core Curriculum for Pediatric Emergency Nursing Bruce Herman, Emergency Nurses Association, 2003 This unique text serves as the foundation for pediatric emergency nursing practice and also addresses pediatric trauma care **Pediatric Advanced Life Support**, 2001 **Core Concepts in Health Instructors Resource Guide** Paul M. Insel, Walton T. Roth, L. McKay Rollins, Ray A. Petersen, 1995-09 Cardio-Oncology Practice Manual: A Companion to Braunwald's Heart Disease E-Book Joerg Herrmann, 2022-01-11 Today's patients have unique cardiologic needs before, during, and after cancer treatment. Chemotherapies, radiation therapy, and targeted therapies can produce acute side effects or lasting adverse consequences on the heart and circulatory system, making the field of cardio-oncology increasingly important in effective patient care. The Cardio-Oncology Practice Manual is a comprehensive, portable guide that provides practical approaches to assessment and management of cardiovascular diseases due to the effects of cardiotoxic agents and treatments. Part of the Braunwald family of renowned cardiology references, it clearly presents clinically relevant aspects of this growing field in one quick, practical reference for a wide range of cardio-oncology providers. Covers all major cancer therapies, cardiovascular toxicities, and malignancies in a portable, authoritative guide ideal for cardiologists, cardio-oncologists, general practitioners, internists, medical oncologists, and hematologists. Offers templated and streamlined content for quick retrieval with key point summaries for each major section. Presents cardiac disease entities and specific malignant diseases in a succinct overview format addressing important clinical care aspects. Features central illustrations for each topic that visually summarize the chapter and its specific content, including algorithms for management of cardiovascular toxicities and one-view overviews of malignancies. Includes a comprehensive drug guide that provides quick reference to drugs prescribed for cancers with therapeutic indications, manifestations, and mechanisms of cardiotoxicity, their risk factors, and risk reduction strategies. Brings you up to date with new immune therapies, including immune checkpoint inhibitors and CAR T cell therapies. **Core Curriculum for Progressive Care Nursing - E-Book** American Association of Critical-Care Nurses, 2009-04-06 The only reference focused on progressive care nursing, this complete reference includes all of the key information you need to know for success in practice and on the PCCN certification exam. Expert authors from the American Association of Critical Care Nurses provide the most authoritative content on caring for patients in step-down, intermediate, and telemetry units and prepare you to treat patients from every phase of progressive care. Plenty of illustrations and easy-reference tables clarify difficult concepts and make it easy to review content quickly. AACN authorship ensures you receive the most accurate and dependable information available from the same group that administers the PCCN examination. Comprehensive coverage, including everything from basic to advanced concepts, makes this an essential resource for nurses of any level of expertise. Content most likely to be on the exam is highlighted to help you study more efficiently. The latest, most authoritative references, categorized by disorder, make it easy to find resources for further research. Concise outline format with
