Absolute War Mark Hewitson, 2017 Wars have played a fundamental part in modern German history Although infrequent conflicts involving German states have usually been extensive and often catastrophic constituting turning points for Europe as a whole Absolute War is the first in a series of studies from Mark Hewitson that explore how such conflicts were experienced by soldiers and civilians during wartime and how they were subsequently imagined and understood during peacetime from Clausewitz and Kleist to Junger and Adorno Without such an understanding it is difficult to make sense of the dramatic shifts characterising the politics of Germany and Europe over the past two centuries The studies argue that the ease or reluctance with which Germans went to war and the far-reaching consequences of such wars

on domestic politics were related to soldiers and civilians attitudes to violence and death as well as to long term transformations in contemporaries conceptualisation of conflict Absolute War reassesses the meaning of military conflict for the millions of German subjects who were directly implicated in the Revolutionary and Napoleonic Wars Based on a re reading of contemporary diaries letters memoirs official correspondence press reports pamphlets treatises plays and cartoons this volume refocuses attention on combat and conscription as the central components of new forms of mass warfare It concentrates in particular on the impact of violence killing and death on many soldiers and some civilians experiences and subsequent memories of conflict War has often been conceived of as an act of violence pushed to its utmost bounds as Clausewitz put it but the relationship between military conflicts and violent acts remains a problematic one

Joseph Simmons, 2014-08-27 Tolstoy's fame as one of the world's greatest novelists has never been in doubt but the importance of his views on the social, moral, and religious issues of his time is not so widely recognised. This study, first published in 1973, presents an introduction to the historical and cultural background of Tolstoy's lifetime, then going on to consider the major events of his developing personality as a writer and reformer. As well as considering the famous novels and literary criticism, Simmons treats his educational theories and practice, famine relief work, spiritual crises, and religious, social, and moral beliefs as reflected in controversial writings such as *What I Believe*, *What Then Must We Do*, and *The Kingdom of God Is Within You*. He also investigates Tolstoy's involvement in government, war, and revolution, and the relevance of his reformist views in the contemporary world.
