Ezzatyar, 2022-06-01 Exploring the fascinating history behind Iranian Jewish immigration to Israel this book offers a rare and untold history of one of Israel s Middle Eastern Jewish populations Over the 20th century thousands among Iran s Jewish community left their ancestral homes and immigrated to the Jewish State while thousands of others remained in Iran even after the birth of the Islamic Republic of Iran Using firsthand narratives the evolution of Zionist activities and recruitment in Iran over the last century is covered alongside an Iranian Jewish population that unlike other Middle Eastern Jewish communities did not ultimately arrive in the Holy Land as a majority of their community For those that did arrive or make aliyah the Israeli nation building process had unique ramifications The integrative process and current status of the Iranian community in Israel is also examined providing an intimate picture of Iranian life in Israel nearly 75 years after Israel s establishment A natural addition to any collection on Jewish or Israeli history and essential reading for a full understanding of Iran Israel relations enthusiasts of Israeli nation building and affairs as well as Iranian history demographics and politics will find this book invaluable *Iran, Islam and Democracy* Ali M. Ansari, 2019-05-15 The surprise election of Hasan Rouhani in 2013 has refocused attention on the dynamics between Islam and democracy in Iran after the hiatus of the Ahmadinejad presidency With comparisons being drawn between Rouhani and his predecessor the late Reformist President Mohammad Khatami there has never been a better time for a close look at the rise and fall of the Reform movement in Iran situating it within the context of the politics of managing change This revised and updated edition incorporates recent work on the presidential election crisis of 2009 along with the election of Rouhani in 2013 and an additional essay on the idea of reformism in Iran in historical context The study remains then most comprehensive account of the politics of reform and in situating the Rouhani presidency within that context it shines a clear light on the pressures and pitfalls Iran faces in politics and international relations *The Iranian Military in Revolution and War (Rle Iran D)* Sepehr Zabir, 2011-02-28 This book is a fascinating critical examination of the characteristics and development of the armed forces in Iran their role under the Shah and their re creation in the war against Iraq as the fighting forces of Islam The author examines the contradictory

accounts including the Shah's own Answer to History as well as newly available accounts by highly placed ex officials and interviews with exiled army officers He examines in detail the apparent shift of allegiance within the forces from the Shah to Imam and the ways in which this was accomplished Major Iranian offensives changing strategies from human wave assault to the Tankers War and the delicate balance between the regular Army and the Revolutionary Guards are also extensively examined The book concludes with an analysis of the potential role of the armed forces in a succession crisis

The World Factbook, 2008 **Iran Country Study Guide Volume 1 Strategic Information and Developments** IBP, Inc, 2012-03-03 Iran Country Study Guide Strategic Information and Developments Volume 1 Strategic Information and Developments Imagining Iran Majid Sharifi, 2013-08-22 Thematically this book problematizes Iranian official nationalism It reviews how every modern Iranian regime since the constitutional revolution of the 1905-06 has failed to legitimize its official identity resulting in the fall of five different regimes The book details how the collapse of each regime resulted in the interruption of the official meaning of being Iranian as well as the meanings of its enemies What remained the same was how every Iranian regime represented itself as the agent of a particular national desire defined in terms of making Iran to become sovereign developed democratic and constitutional Nonetheless no regime was able to convince a great majority of the people that it achieved what it represented This book makes three specific contributions The first contribution is pedagogical By focusing on the dynamics of regime changes it provides a heuristic model for identifying challenges that all Iranian regimes have faced Moreover the book is a comprehensive review of the disruptive oppressive and bloody nature of the rise and fall of different regimes The second contribution is theoretical Rather than examining the behavior of various Iranian regimes in isolation from their international context the book examines how each regime got to understand itself in relations to its imperial others By examining the governmental rationality of each regime the book offers a better theoretical framework for understanding political development not only in Iran but also in all other Middle Eastern and South Asian states Finally the third contribution of this book is its critical approach to the main body of the literature on Iran modernity development democracy and constitutionalism **Contemporary Iran** Ali Gheissari, 2009-04-02 Iran is a key player in some of the most crucial issues of our time But because of its relative diplomatic isolation and the partisan nature of conflicting accounts voiced by different interest groups both inside and outside the country there is a shortage of hard information about the scale and depth of social change in today's Iran In this volume and imposing roster of both internationally renowned Iranian scholars and rising young Iranian academics offer contributions many based on recent fieldwork on the nature and evolution of Iran's economy significant aspects of Iran's changing society and the dynamics of its domestic and international politics since the 1979 revolution focusing particularly on the post Khomeini period The book will be of great interest not only to Iran specialists but also to scholars of comparative politics democratization social change politics in the Muslim world and Middle Eastern studies *International Law Reports* Elihu Lauterpacht, C. J. Greenwood, A. G. Oppenheimer, 2002-07-18 The

International Law Reports is the only publication in the world wholly devoted to the regular and systematic reporting in English of decisions of international courts and arbitrators as well as judgments of national courts. Among the cases reported in volume 121 are two Malaysian High Court decisions and one ICJ decision which all relate to the Cumaraswamy immunity case. Volume 121 also includes three important investment protection decisions: two of these under ICSID and the full reporting of the *S D Myers Inc v Canada* Partial Award 13 November 2000 of NAFTA Arbitration Tribunal under the UNCITRAL Rules. A selection of both European and international human rights cases also feature, including the important ICTY torture case relating to *Anton Furundzija*. The remainder of the volume is taken up with national cases, mainly from the United States of America. *Iran Almanac and Book of Facts*, 1969
