International Handbook of English Language Teaching Jim Cummins,Chris Davison,2007-12-31 This two volume handbook provides a comprehensive examination of policy practice research and theory related to English language teaching ELT in international contexts Nearly 70 chapters highlight the research foundation for the best practices frameworks for policy decisions and areas of consensus and controversy in the teaching and development of English as a second and or additional language for

kindergarten through to adult speakers of languages other than English. In doing so it problematizes traditional dichotomies and challenges the very terms that provide the traditional foundations of the field. A wide range of terms has been used to refer to the key players involved in the teaching and learning of the English language and to the enterprise of English language teaching as a whole. At various times and in different contexts the following labels have been used in countries where English is the dominant language to describe programs learners or teachers of English: English as a second language (ESL), English as an additional language (EAL), limited English proficient (LEP) and English language learners (ELL). In contexts where English is not the dominant language the following terms have been used: English as a foreign language (EFL), English as an international language (EIL) and English as a lingua franca (ELF).

Developmental and Clinical Pragmatics Klaus P. Schneider, Elly Ifantidou, 2020-08-24. This handbook provides a comprehensive and up to date survey of a wide range of developmental and clinical issues in pragmatics. Principally the contributions to this volume deal with pragmatic competence in a native language, in a second or foreign language and in a selection of language disorders. The topics which are covered explore questions of production and comprehension on the utterance and discourse level. Topics addressed concern the acquisition and learning, teaching and testing, assessment and treatment of various aspects of pragmatic ability, knowledge and use. These include, for example, the acquisition and development of speech acts, implicatures, irony, story telling and interactional competence. Phenomena such as pragmatic awareness and pragmatic transfer are also addressed. The disorders considered include clinical conditions pertaining to children and to adults. Specifically these are, among others, autism spectrum disorders, Down syndrome and Alzheimer's disease.
