

Introduction to the Fiat Uno

The Fiat Uno is a well designed and constructed car having an excellent power-to-weight ratio.

The car is very economical, but still offers good performance with excellent body interior space.

Attractive features include the options available for four- or five-speeds or three- or five-door bodywork.

All essential accessories, except a radio, are fitted as standard and a sunroof is optionally available.

From the home mechanic's point of view all repair and servicing operations are straightforward without the need for special tools. Spare parts are immediately available at moderate cost.
