Emotional Intelligence Mastery John Heffner, 2020-01-18 Would you like to master your emotions effectively Ever felt angry or frustrated at someone and snapped Taken your own insecurities and emotive worries out on someone else to make yourself feel better Knowing how to control these feelings and your reactions to them is known as emotional intelligence We are getting richer but less and less happy Depression suicide relationship breakdowns loneliness by choice fear of closeness addictions these are clear evidence that we are getting increasingly worse when it comes to dealing with our emotions Life is very busy these days and decisions we take can be made rashly without any real thought going into them and this can lead to disaster negativity stress and overwhelm are just some of the consequences The truth is not many people realize what EQ is really all about or what causes its popularity to grow constantly Mastering our emotional intelligence should be high on the scale of our personal development skills but all too often we neglect it Imagine being able to gain back control of your life Imagine living a happy life with confidence Emotional Intelligence is a skill and can be learned through constant practice and training Emotional intelligence directly impacts the way we formulate personal decisions the way we manage behavior and our ability to

maneuver through social complexities Emotionally intelligent people are open to new experiences can show appropriate feelings in any situation either good or bad and find it easy to socialize with other people and establish new contacts They handle stress well say no easily realistically assess the achievements of themselves or others and are not afraid of constructive criticism and taking calculated risks They are successful Every chapter covers different areas of emotional intelligence and shows you step by step exactly what you can do to develop your EQ and become the better version of yourself

The Emotionally Intelligent Manager David R. Caruso, Peter Salovey, 2004-03-15 We have long been taught that emotions should be felt and expressed in carefully controlled ways and then only in certain environments and at certain times This is especially true when at work particularly when managing others It is considered terribly unprofessional to express emotion while on the job and many of us believe that our biggest mistakes and regrets are due to our reactions at those times when our emotions get the better of us David R Caruso and Peter Salovey believe that this view of emotion is not correct The emotion centers of the brain they argue are not relegated to a secondary place in our thinking and reasoning but instead are an integral part of what it means to think reason and to be intelligent In *The Emotionally Intelligent Manager* they show that emotion is not just important but absolutely necessary for us to make good decisions take action to solve problems cope with change and succeed The authors detail a practical four part hierarchy of emotional skills identifying emotions using emotions to facilitate thinking understanding emotions and managing emotions and show how we can measure learn and develop each skill and employ them in an integrated way to solve our most difficult work related problems
