Music Trades ,1921 **Surrendering to the Music** Gerry Baird,2015-07-22 Music has been an important part of my life ever since I can remember My dad used to play records on Saturday mornings and my sister and I would dance around the house while he cooked pancakes for us We had a piano that no one played but it must have had some impact on me because at the age of seven I cited it as my favorite instrument My desire to learn to play came when I was in the middle of a high pressure graduate school program I needed a healthy escape and though my piano skills were practically non existent I discovered that playing for a few minutes each day relieved stress and provided a much needed creative outlet Soon my seven year old daughter and I began taking lessons together and I embarked on one of the most challenging and fulfilling journeys I ve ever undertaken This book contains the wisdom I ve gained along the way Whether you are a music student music teacher music parent or music lover I hope that as you read you will be inspired to find greater joy in your own journey
