Need Is Kill Hiroshi Sakurazaka, 2009-07-21 When the alien Mimics invade Keiji Kiriya is just one of many recruits shoved into a suit of battle armor called a Jacket and sent out to kill Keiji dies on the battlefield only to be reborn each morning to fight and die again and again On his 158th iteration he gets a message from a mysterious ally the female soldier known as the Full Metal Bitch Is she the key to Keiji s escape or his final death Now a major motion picture starring Tom Cruise VIZ Media Focus On: 100 Most Popular Fantasy Anime and Manga Wikipedia contributors, Digitalizing the Global Text Paul Allen Miller, 2020-01-07 A few years ago globalism seemed to be both a known and inexorable phenomenon With the end of the Cold War the opening of the Chinese economy and the ascendancy of digital technology the prospect of a unified flow of goods and services and of people and ideas seemed unstoppable Political theorists such as Francis Fukuyama proclaimed that we had reached the end of history Yes there were pockets of resistance and reaction but these we were told would be swept away in a relentless tide of free markets and global integration that would bring Hollywood digital finance and fast food to all Religious fundamentalism nationalism and traditional sexual identities would melt away before the forces of

modernity and empire A relentless technocratic rationality would sweep all in its wake bringing a neoliberal utopia of free markets free speech and increasing productivity Nonetheless as we have begun to experience the backlash against a global world founded on digital fungibility the perils of appeals to nationalism identity and authenticity have become only too apparent The collapse of Soviet Communism left an ideological vacuum that offered no recognized place from which to oppose global capitalism What is the alternative The anxieties and resentments produced by this new world order among those left behind are often manifested in assertions of xenophobia and particularity This is what it supposedly means to be really American truly Muslim properly Chinese The other is coming to take what is ours and we must defend ourselves Digitalizing the Global Text is a collection of essays by an international group of scholars situated squarely at this nexus of forces Together these writers examine how literature culture and philosophy in the global and digital age both enable the creation of these simultaneously utopian and dystopian worlds and offer a resistance to them A joint publication from the University of South Carolina Press and the National Taiwan University Press
