Specific Learning Disabilities Yitzchak Frank, 2014 This book discusses Specific Learning Disabilities SLD with a special attention to the biology of these diverse conditions. It highlights the large biological component in the pathophysiology of SLD and the contribution of new biological investigative tools to the understanding of SLD such as dyslexia and dyscalculia and to the evaluation of therapies. It also discusses the relatively unrecognized emotional aspects of SLD and the sometime devastating effects that these conditions have on the life of affected subjects and their families in and out of the classroom.
