with the Golden Arm about the then taboo subject of drug addiction When he made Anatomy of a Murder in 1959 the censors objected to the use of the words rape sperm sexual climax and penetration Preminger made one concession substituting violation for penetration the picture was released with the seal and marked the beginning of the end of the Code Hirsch writes about how Preminger was a master of the invisible studio bred approach to filmmaking the so called classical Hollywood style lengthy takes deep focus long shots of groups of characters rather than close ups and reaction shots He shows us Preminger in the 1950s becoming the industry s leading employer of black performers his all black Carmen Jones and Porgy and Bess remain landmarks in the history of racial representation on the American screen and breaking another barrier by shooting a scene in a gay bar for Advise and Consent a first in American film Hirsch tells how Preminger broke the Hollywood blacklist when in 1960 he credited the screenplay of Exodus to Dalton Trumbo the most renowned of the Hollywood Ten and hired more blacklisted talent than anyone else We see Preminger s balanced style and steadfast belief in his actors underacting set against his own hot tempered personality and finally we see this European born director making his magnificent films about the American criminal justice system Anatomy of a Murder and about the American political system Advise and Consent Foster Hirsch shows us the man enraging and endearing and his brilliant work
