✓ Exclusively available on IvyPanda

"The Fat Girl" written by Andre Dubus illustrates the main problem of modern civilization that is the problem of the overweight. The author used this theme to show the global problem of the culture not only in America but in the whole world. He managed to illustrate the inner fight of a little girl whose life is a constant resistance to society. Andre Dubus merely tried to concentrate on the inner world of Louise than on her body.

The basic theme of this short story is the interaction inside a person connected with a conflicting desire to eat and be in a good shape at the same time. The author underlined the idea that inner beauty is far more important than body showing Louise's soul and richness of her world look. The main purpose of the author was to illustrate the sufferings of people who are treated differently because of their fat physical state.

The contrast of physical appearance is highlighted in the example of Louise, quite a fat girl, and her mother who is described as a slim and elegant women. Ironical statements of her mother concerning her weight are observed to illustrate the importance of physical form for her. To develop his ideas as to disclosing the main problem the author used a number of stylistic and literal devices. To increase the importance of Louise's position Dubus used exaggeration - "Louise eyed the bread box, the pantry, the refrigerator". (125) The author tried to compare Louise with her friends who were models of the time. Andre Dubus used a number of cognitive metaphors to show the liveliness and the importance of food for Louise.

The description of ideal forms of Louise brought her sufferings and inner instability. The author used a number of associated epithets to provide the reader with a detailed characterization of the society by which Louise was surrounded, "thin, flat-chested, gangling... Joan". (126) The author stresses how generally accepted norms influenced her inner world and changed her perception of the environment.

Andre Dubus wanted to show that those who are treated differently in our society are always afraid to open their mind to close friends; they are constantly living in their own world. "Louise lived in a small city Louisiana" (129) The same is illustrated in the example of Louise whose friends though being very close never knew her. "She never
