A Lovely Girl Deborah Holt Larkin,2022-10-04 The incredible story of a 1958 murder that ended with the last woman to ever be executed in California a murder so twisted it seems ripped from a Greek tragedy Deborah Larkin was only ten years

old when the quiet calm of her California suburb was shattered Thirty miles north on a quiet November night in Santa Barbara a pregnant nurse named Olga Duncan disappeared from her apartment The mystery deepens when it is discovered that Olga s mother in law a deeply manipulative and deceptive woman had been doing everything in her power to separate Olga and her son Frank prior to Olga s disappearance From a forged annulment to multiple attempts to hire people to get rid of Olga to a faked exorcism case Elizabeth seemed psychopathically attached to her son Yet she denied having anything to do with Olga s disappearance with a smile But when Olga s brutally beaten body is found in a shallow grave apparently buried alive a young DA makes it his mission to see that Elizabeth Duncan is brought to justice Adding a wrinkle to his efforts is the fact that Frank himself a defense attorney maintained his mother s innocent to the end How does a young girl process such a crime along with the fear and disbelief that rocked an entire community Decades later Larkin is determined to revisit the case and bring the story of Olga herself to light Long overshadowed by the sensationalism and scandal of Elizabeth and Frank A Lovely Girl seeks to reveal Olga as a woman in full Someone who was more than the twisted family that would ultimately ensnare her As we follow the heart pounding drama of the case through Larkin s young eyes her father was the court reporter A Lovely Girl is by turns page turning yet poignant and makes the reader reexamine how we handle fear how we regard mental illness and how we understand family as we carve our own path in a dangerous world *Pencils Down* Wayne Au, Melissa Bollow Tempel, 2012 This powerful collection from the groundbreaking Rethinking Schools magazine takes high stakes standardized tests to task Despite overwhelming evidence that the tests are invalid ways to measure teaching and learning and continuing signs of their unjust effects on students and teachers reformers and policymakers continue to force high stakes tests into the public schools Through articles that provide thoughtful and emotional critiques from the frontlines of education Pencils Down deconstructs the damage that standardized tests wreak on our education system and the human beings that populate it Better yet it offers visionary forms of assessment that are not only more authentic but also more democratic fair and accurate *Unraveling the Wrongful Conviction* Daniel Grothaus, 2025-09-23 This book lays out the author s proven approach to investigating and assessing a defendant s claim of innocence whether pre trial or post conviction The author weaves his 35 years of experience into a simple step by step process showing the reader how to objectively investigate a wrongful conviction He uses his case histories to describe an alternative to the trial and error methods so often used As a result this book offers a methodical and repeatable approach to assessing and investigating a defendant s claim of innocence The book refers to the actual investigations which led to dozens of exonerations prison releases acquittals and dismissed charges in Murder I cases Claims of innocence may be common but knowledge of an objective way to assess those claims is hardly universal This book was written for the classroom and the field It is essential reading for the student the Innocence Project volunteer practitioner or anyone interested in correcting a wrongful conviction or avoiding the next false conviction Special Offer for Adopters Delve more deeply into the fact finder s role by featuring

Undermine Federal Standards: Congressional Hearing, Out of Phase: Encounter Ivan Peraza, 2024-04-09 This book is a sci fi novel about the not so distant future when humankind lives peacefully under a world government Humans have built space stations and colonized the Moon and Mars Mining has been moved to the asteroid belt I wrote this story from the point of view of the scientists who participated in the discovery It is not about conflict but about processes and tribulations as the scientists bring their discoveries to the higher ups **The Thinking Student's Guide to College** Andrew

Roberts, 2010-09-15 Each fall thousands of eager freshmen descend on college and university campuses expecting the best education imaginable inspiring classes taught by top ranked professors academic advisors who will guide them to a prestigious job or graduate school and an environment where learning flourishes outside the classroom as much as it does in lecture halls Unfortunately most of these freshmen soon learn that academic life is not what they imagined Classes are taught by overworked graduate students and adjuncts rather than seasoned faculty members undergrads receive minimal attention from advisors or administrators and potentially valuable campus resources remain outside their grasp Andrew Roberts Thinking Student's Guide to College helps students take charge of their university experience by providing a blueprint they can follow to achieve their educational goals whether at public or private schools large research universities or small liberal arts colleges An inside look penned by a professor at Northwestern University this book offers concrete tips on choosing a college selecting classes deciding on a major interacting with faculty and applying to graduate school Here Roberts exposes the secrets of the ivory tower to reveal what motivates professors where to find loopholes in university bureaucracy and most importantly how to get a personalized education Based on interviews with faculty and cutting edge educational research The Thinking Student's Guide to College is a necessary handbook for students striving to excel academically creatively and personally during their undergraduate years Lakay David Frederick, 2017-10-20 Haiti is a

land of great beauty and rich culture but it's also been plagued by corruption and poverty Author David Frederick remembers a happy childhood growing up in picturesque St Marc Haiti until the day he and his family had to flee following a brutal massacre in 2004 Lakay A Journey of Struggle Perseverance and Hope leads readers through glimpses of the author's life in Haiti amid growing social unrest and government corruption as well as his life as a new immigrant to the United States Frederick shares stories of the many obstacles he overcame while still holding onto hope And after a return visit to Haiti the author reflects on the current state of his native country and calls on this generation to be a force for change Those who

grew up in Haiti may vividly remember some of the places and events discussed in this book but even non Haitians can still envision themselves moving along the same road the author has traveled because at the end of the day we have all traveled this road We may not all come from the same place or end up at the same destination but we have all shared moments of suffering fear hope setbacks and triumph We all wish to live in a peaceful and prosperous world **The Eleven**
