Investment OECD, 2022-06-22 Foreign Direct Investment FDI provides an important source of financing in Jordan but its reform momentum needs to be sustained and deepened so that the benefits of investment can be shared more widely across society This report examines how FDI can help Jordan meet Sustainable Development Goals in areas of productivity and innovation job quality and skills gender equality and decarbonisation *Enabling legal frameworks for sustainable land-use investments in Tanzania: Legal assessment report* Robert Kibugi, D. Andrew Wardell, Marie-Claire Cordonier Segger, Caroline Haywood, Renée Gift, 2015-10-08 The International Development Law Organization IDLO and the Center for International Forestry Research CIFOR assessed the legal frameworks that govern land use activities and investments in Tanzania The policy institutional and legal frameworks are well developed although implementation and enforcement remains weak due to ambiguities in the law and a general lack of supportive incentives This Legal Assessment report for Tanzania examines four key challenges to the attainment of sustainable land use investments These comprise Enforcement of environmental and social safeguards Tanzania has made progress in implementing the Environmental Management Act by ensuring greater compliance with the Environmental Impact Assessment regulations although exceptions exist in the construction sector and mining legislation that often enables the government to circumvent important land tenure safeguards Incentives for sustainable investments in the legal framework A lack of incentives exists despite the creation of the Tanzania Investment

Centre the adoption of an Investment Guide in 2013 and the incorporation of sustainability considerations into laws and policies governing investments in the agriculture energy and forestry and mining sectors Land tenure security Tanzania's land law framework now includes formal recognition of customary title and the reservation of land under the category of village land exclusively for Tanzanians although improvements are still needed in terms of processes of consultation and compensation Public awareness and lack of access to information Awareness of natural resources and investment policies legislation and regulations is generally low amongst rural communities as well as Ward executive officers village leaders and village land committee members Rural radio represents their most important source of information

Research on Investment Scale and Allocation Structure of Chinese Higher Education Finance Yongmei Hu, Yipeng Tang, 2021-12-30

Based on a systematic literature review the book aims to forecast the investment scale of Chinese higher education and the allocation structure of different types of higher education institutions in the next decade The authors first introduce the complex setting of Chinese higher education finance including the background and theoretical foundation as well as an in depth literature review Via international comparative data they explore the adequacy and equity of the financial resources By applying quantitative methods such as panel data analysis and time series analysis they forecast the public investment scale in higher education and the allocation structure and proportion among different types of higher education institutions In addition the book investigates the standards of teaching funding and teacher research funding which are considered the main funding resources of Chinese universities and individual teachers As China has become the world's largest country of higher education how to provide adequate and equal funds to meet the increasing demand is of great interest to scholars and policymakers both from China and abroad The book will also appeal to postgraduate students who would like to know the overall status of Chinese higher education finance

Investment costs and policy action opportunities for reaching a world without hunger (SDG2). Joint Report Center for Development Research of the University of Bonn, Food and Agriculture Organization of the United Nations, 2020-10-12 At the heart of the 2030 Agenda was a promise to prioritize two objectives to eradicate poverty and end hunger and malnutrition in all their forms While global hunger measured by the prevalence of undernourishment had been on the decline the absolute number of hungry people remained very high In response heads of states at the G7 Summit in Elmau in 2015 committed to lift 500 million people out of hunger and malnutrition by 2030 as part of a broader effort undertaken with partner countries to support the 2030 Agenda for Sustainable Development i.e Sustainable Development Goal SDG 2 to end hunger and malnutrition by 2030 Nevertheless the number of undernourished people in the world kept rising from 653 million people in 2015 to 690 million people in 2019 highlighting the challenge of achieving the goal of Zero Hunger and malnutrition by 2030 This study reviews the food security situation and change therein in light of recent developments including COVID 19 It also analyses to which extent G7 countries responded to the challenge and their commitment in terms of development assistance and outlines promising
