Mobile and Social Media Journalism Anthony Adornato, 2025-12-15 Now in its third edition *Mobile and Social Media Journalism* continues to be an essential resource for those learning about how journalists and news organizations use mobile and social media to gather news distribute content and engage with audiences Merging theory and practice this textbook includes checklists and

practical activities in every chapter enabling readers to immediately build the mobile and social media skills that today's journalists need and which news organizations expect. This third edition retains a focus on journalism's core values such as authentication, verification and credibility while guiding readers on how to apply them to digital media activities. The book offers an in-depth discussion of the audience's active role in producing content, how mobile devices and social media have changed the way audiences consume news and what these changes mean for journalists. Updated to address the latest trends in multimedia journalism, this edition includes new material on the rise of artificial intelligence, AI, increased polarization of media and shifting algorithms on social platforms. Increased attention is paid to visual content for social storytelling as well as how journalists can look after their mental health when exposed to online harassment and cognitive overload. This book is essential reading for journalism students as well as media professionals seeking to update their skills. An online accompaniment to this book can be found at www.mobileandsocialmediajournalism.com providing extra resources for students and lecturers including lecture slides, video tutorials, industry news and sample assignments.

The Routledge Handbook of Privacy and Social Media Sabine Trepte, Philipp Masur, 2023-06-27 This volume provides the basis for contemporary privacy and social media research and informs global as well as local initiatives to address issues related to social media privacy through research, policymaking and education. Renowned scholars in the fields of communication psychology, philosophy, informatics and law look back on the last decade of privacy research and project how the topic will develop in the next decade. The text begins with an overview of key scholarship in online privacy, expands to focus on influential factors shaping privacy perceptions and behaviors such as culture, gender and trust and continues with specific examinations of concerns around vulnerable populations such as children and older adults. It then looks at how privacy is managed and the implications of interacting with artificial intelligence, concluding by discussing feasible solutions to some of the more pressing questions surrounding online privacy. This handbook will be a valuable resource for advanced students, scholars and policymakers in the fields of communication studies, digital media studies, psychology and computer science. Chapter 22 and Chapter 30 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non-Commercial No Derivatives CC BY-NC-ND 4.0 license.

Social Media as a Space for Peace Education M. Ayaz Naseem, Adeela Arshad-Ayaz, 2020-12-02 This book explores the potential of social media as a space for teaching and bringing about sustainable peace. Using cutting-edge research, the editors and authors analyze the fundamental transformations taking place in the digital and interactive public sphere, most recently with the advent of the post-truth age and the impact of this upon young people's perceptions of friend and foe. Peace initiatives at almost every level recognize the importance of education for sustainable peace; this volume examines the opportunities emerging from these societal transformations for both formal and informal education. This book will appeal to students and scholars of social media, peace education and the post-truth age.
