Anatomy Model Corpse Party:

Corpses in Belgian Anatomy, 1860-1914 Tinne Claes, 2019-11-20 This book tells the story of the thousands of corpses that ended up in the hands of anatomists in the late nineteenth and early twentieth centuries Composed as a travel story from the point of view of the cadaver this study offers a full blown cultural history of death and dissection with insights that easily go beyond the history of anatomy and the specific case of Belgium From acquisition to disposal the trajectories of the corpse changed under the influence of social policies ideological tensions religious sensitivities cultures of death and broader changes in the field of medical ethics Anatomists increasingly had to reconcile their ways with the diverse meanings that the dead body held To a certain extent as this book argues they started to treat the corpse as subject rather than object Interweaving broad historical evolutions with detailed case studies this book offers unique insights into a field dominated by Anglo American perspectives evaluating the similarities and differences within other European contexts *Introductory Lecture Before the Anatomical Class of the University of Pennsylvania* William E. Horner, 1848 **The Medico-chirurgical Review and Journal of Medical Science** ,1832 *Journal of the House of Representatives ... General Assembly of Ohio ...* Ohio. General Assembly. House of Representatives, 1880 *Journal of the House of Representatives of the State of Ohio* Ohio. General Assembly. House of Representatives, 1880 *Journal of the House of Representatives of the ... General Assembly of the State of Ohio ...* Ohio. General Assembly. House of Representatives, 1880 **A Complete Practical Treatise on Criminal Procedure, Pleading, and Evidence, in Indictable Cases** John Frederick Archbold, 1858 *The Medical Age* ,1895 *Sessional Papers* Great Britain. House of Commons, 1894 *A Manual of the Laws Affecting Medical Men* Robert George Glenn, 1871 *Medical Times and Gazette* ,1858 *The Medical Times and Gazette* ,1858 *The Literary chronicle and weekly review* ,1823 **Albany Law Journal** ,1884 **The Albany Law Journal** ,1884 *Death Becomes Her* Elizabeth Dill, Sheri Weinstein, 2009-05-05 Dead and dying women are surely an age old narrative trope While associations of femininity with death have become almost prototypical in literary criticism and are familiar fodder for cultural conversations the editors of *Death Becomes Her* offer us an opportunity to investigate the values that underlie such associations But from where does our tireless investment in what constitutes a feminine death a feminine reaction to death and death s courting of women emerge These essays give voice to the idea that power and victimization are not opposites but rather are complements in an operatic fantasy of intrigue agency absence and presence that pervades American writing and experience Each chapter of *Death Becomes Her* offers a different lens to investigate the nature of death as surely more than just an anatomical matter The penny press obsessively covers the death of a beautiful prostitute in 1840s Chicago a novel of seduction becomes also a narrative of autopsy a story of haunting allows women outlets for sexual license and the polemics of desire Overall this volume invites readers to explore the ways in which death is portrayed as both an ornamentation of femininity and an ontological reality of it how put simply death becomes her Essays include analyses of

women's deathbed scenes suicides murders funerals and autopsies in literature and other nineteenth century media As such the chapters in *Death Becomes Her* show how the authorial and readerly interest in scripting and staging women's deaths is both intricate and abiding They tell us that death is never of course simply about death and they make relevant other issues from linguistics to politics as they inform the literature and lives of women from the late eighteenth to early twentieth century America Taken together the pieces in *Death Becomes Her* allow us greater access to the surrounding culture out of which the American woman emerges performs lives and dies In doing so they offer fresh insight into the often unsettling and highly relevant role of death in feminism

Archaeologies of Rules and Regulation Barbara Hausmair, Ben Jervis, Ruth Nugent, Eleanor Williams, 2018-01-29 How can we study the impact of rules on the lives of past people using archaeological evidence To answer this question *Archaeologies of Rules and Regulation* presents case studies drawn from across Europe and the United States Covering areas as diverse as the use of space in a nineteenth century U S Army camp the deposition of waste in medieval towns the experiences of Swedish migrants to North America the relationship between people and animals in Anglo Saxon England these case studies explore the use of archaeological evidence in understanding the relationship between rules lived experience and social identity
