Social Dilemmas Daniel Albiero,2022-03-18 This book aims to critically assess the Cartesian stance that affirms robotic and
AI technologies as candidates to supplant human capacities in non routine intellectual nature activities based on social power
relations In the argumentation listed the contradictions that this hypothesis approaches will be exposed mainly in a historical
and social analysis based on a complex and uncertain sociological perspective added by a discussion within the scope of the
Chaos theory Finally an outline of the current era fostered by extremisms and extremists will be described in terms of its
contradictions in an attempt at sociological analysis For this some crucial and unsettling questions will be asked and an effort
to come up with answers will be made for some Architecture and Design: Breakthroughs in Research and Practice
