The Genesis of Germs Alan Gillen, 2007-01-01 As the world waits in fear the CDC and world health organizations race to minimize the current pandemic a looming threat that has forced international federal and local governments to deal with COVID19 and other future epidemics and the widespread death and devastation which would follow Will the world find the answers in time Or will we see a deadly threat ravage populations as others have before in 1918 with influenza in the late 18th century with yellow fever or the horrific black death or bubonic plague in 1347 AD Are these viruses examples of evolution Did God make microbes by mistake Are they accidents of evolution out of the primordial soup These timely questions are examined throughout this book from chapter 1 It seems that a new and more terrible disease is touted on the news almost daily The spread of these scary diseases from avian flu to SARS to AIDS is a cause for concern and leads to questions such as Where did all these germs come from How do they fit into a biblical world view What kind of function did these microbes have before the Fall Does antibiotic resistance in bacteria prove evolution How can something so small have such a huge deadly impact on the world around us Professor Alan Gillen sheds light on these and many other questions in this revealing and detailed book He shows how these constantly mutating diseases are proof for devolution rather than evolution and how all of these germs fit into a biblical world view Dr Gillen shows how germs are symptomatic of the literal Fall and Curse of creation as a result of man's sin and the hope we have in the coming of Jesus Christ [The Conflict of the Ages Teacher Edition I The Scientific History of Origins](#) Michael J. alleviate it This is an alarming wake up call for the church showing how our programs and our approaches to Christian education are failing and our children are paying the price Though the statistics reveal a huge disconnect taking place between our children and their church experience Already Gone shows how to fight back for our families our churches and our world We can make a difference today that will affect the statistics of tomorrow in a positive and Christ focused way

The Heresy of Ham, Revised Edition Joel Edmund Anderson, 2024-11-07 One of the most controversial issues in our society today especially within Evangelicalism is that of the creation evolution debate Over the past few decades Fundamentalist apologists like Ken Ham of the young earth creationist organization Answers in Genesis

have made a career convincing people that the age of the Earth and the historicity of Genesis 1:1 are not just bedrock fundamental tenets of the Christian faith but are also crucial fronts in the culture war. In *The Heresy of Ham*, Joel Edmund Anderson convincingly shows that not only are the YECist claims of Ken Ham unbiblical and unscientific but they have sowed the seeds of strife and division within countless Christian communities. He should know he lost his job as a biblical worldview teacher at a small Evangelical school over the issue of YECism. Anderson's ultimate message is simple: regardless of your position regarding evolution or the interpretation of Genesis 1:1, they are not fundamental to the Christian faith and should not be used as battlefronts in the culture war. If you have always had questions about the creation/evolution debate, the claims of YECism and the way Genesis 1:1 should be interpreted, *The Heresy of Ham* is a tremendous resource for anyone struggling coming to grips with these issues.

Tower of Babel Bodie Hodge, 2013 *The Tower of Babel: The Cultural History of Our Ancestors* reveals our shared ancestry as never before. Many are familiar with the Biblical account of Babel, but after the dispersal, there was a void beyond Biblical history until empires like Rome and Greece arose. Now discover the truth of these people groups and their civilizations that spread across the earth and trace their roots back to Babel as well as to the sons and grandsons of Noah. Many of today's scholars write off what occurred at the Tower of Babel as mythology and deny that it was a historical event. Beginning with the Biblical accounts, author Bodie Hodge researched ancient texts, critical clues, and rare historic records to help solve the mystery of what became of the failed builders of Babel. For the purpose of defending the Bible, Hodge presents these and other vital historical facts surrounding this much-debated event. Teens and older can use this layman's reference for Biblical classes, ancient history, apologetics training, and to realize their own cultural connection to the Bible.

How Do We Know the Bible Is True? Volume 2 Ken Ham, Bodie Hodge, 2013-01-04 Unless otherwise noted, Scripture quotations are from the New King James Version of the Bible. [T p verso](#)

[Foolish Faith](#) Judah Etinger, 2003-06-01 Everywhere one looks, tolerance of all world views is championed, all world views except those set forth in the Bible. Judah Etinger has the singular ability to present truth in ways that speak to the hearts of both seekers and those who will say they are not seeking God or religion or truth. In *Foolish Faith*, the author sheds light on the various world religions, philosophies, and evidences. His helpful, readable style helps seekers see a clear path to the answer to it all. Find the answers to the following questions within this book: Which of the world's religions is the correct one? Which is right: creation or evolution? Does the Bible support or contradict science? Does the Bible contradict itself? Is the Bible a reliable historical document? Did Christ really rise from the dead?

The Ultimate Proof of Creation Jason Lisle, 2009 *IN THE ULTIMATE PROOF OF CREATION, DR JASON LISLE USES LOGIC, REASON, AND EVIDENCE TO LAY THE DEBATE TO REST BY EXAMINING THE PRESUPPOSITIONS OF THESE POSITIONS. DR LISLE PRESENTS A FRESH AND POWERFUL NEW APPROACH FOR UNDERSTANDING THE ISSUES.*

The End of the Law? David W. Opderbeck, 2021-08-12 Does neuroscience show that all our ideas about law and ethics are false? David Opderbeck answers this question with a broad and

deep survey of the relationship between theology science and ethics He proposes that Christian theology which narrates the humanity and divinity of Christ in conversation with the new Aristotelianism in the philosophy of science provides a path through secular and religious fundamentalisms alike *Begin* Ken Ham,Bodie Hodge,2011-07-01 *Begin* is a journey through the Scriptures designed to help someone simply understand the structure and context of the Bible Ken Ham and Bodie Hodge compiled this critical resource which brings to light often difficult concepts through easy to understand commentary Readers will enjoy a quick and concise presentation of the following core concepts with a brief summary of events and history in between Genesis 1 11 The Foundation Exodus 20 1 17 The 10 Commandments John The Gospel Romans An Epistle from Paul to the Christians and Revelation 21 22 The Fulfillment in Heaven New believers seekers and even skeptics can use *Begin* as a first step to building a consistent study of God s Word It is not intended to replace the Bible but to serve as a supplemental resource Pastors and teachers will find this book helpful when leading congregants and students into a greater understanding and focus on the infallible message of God **Discerning Truth** Dr. Jason Lisle,2010-08-01 Every day Christians are faced with an increasing onslaught of criticism from evolutionists for their belief in God and His glorious creation What do you say when your faith is challenged by those claiming to speak in the name of science or reason *Discerning Truth* provides a practical and engaging resource on the use of logic in this critical debate Filled with anecdotes from both creative examples and real life illustrations that help clarify logical issues in apologetics Become skilled at distinguishing sound arguments from emotionally charged rhetoric Helps any believer refute evolutionary perspectives Lisle believes that creationists need to be able to recognize and refute evolutionist arguments and to do so in a way that both honors God and lines up with the truth of His Word Eph 5 1 The role of logic the study of correct reasoning is becoming a vanishing skill in our society Yet it is a vital tool in assisting Christians in assessing the weaknesses in evolutionary thought Here is the clear and concise guide for every believer in defending your faith in the face of adversity *New Astronomy Book* Danny R.
