

Alliteration

Snakes slither and make me shiver.

They squeeze too tight,

have a dangerous bite,

and sleep in winter, day ... and night.

If there's one thing I would NEVER do

it's keep a snake as a pet—would you?

Snakes aren't cosy like a kitty,

curled and furry-purry pretty.

Shelley and Keats to bring together what is loosely termed as Hermetic tradition British Romantic poetry and responses to the present crises regarding our life on the planet including those linked to the notion of posthumanism This conjunction of forces so to speak points beyond the boundaries erected by general sociological complacency and the acceptance of humankind as the centre of existence on Earth to affirm the value of the non human world and the possibilities inherent in an awareness of its subtler manifestations Although the idea of spiritual agency might stretch the bounds of credulity for centuries the inspired imagination has been considered daemonic that is it brings to artists and poets and certain scientists indeed a sense of heightened consciousness seemingly from beyond the self Whatever causality may be at play here it is clear that instances of an exalted outlook on life exist in abundance in the poetry of Blake Shelley and Keats The present book explores them and their implications *Countdown to Poetry Writing* Steve Bowkett,2009-06-02 Countdown to Poetry Writing saves valuable planning time and gives you all the flexibility you need in helping children write poems **Dickinson** Emily Dickinson,Helen Vendler,2010-09-07 The unrivaled doyenne of close reading offers an interpretive introduction to Emily Dickinson s brilliant enigmatic verse In commentaries accompanying 150 selected poems Helen Vendler explores Dickinson s major thematic preoccupations while highlighting the poet s startling imagination and the ingenuity of her linguistic invention **The Siege of Jerusalem** Ralph Hanna,David Lawton,2003 This is a new critical edition of the most widely dispersed and popular Middle English alliterative poems apart from Piers Plowman It contains a new critical text based upon all the surviving manuscripts There is full discussion of the textual relations and the editorial methods best suited to presenting a text extant in many copies There are full manuscript descriptions with discussions of sources and possible authorship *Wordsworth Dictionary of Phrase and Fable* Ebenezer Cobham Brewer,2001 This work explains the origins of the familiar and the unfamiliar in everyday speech and literature including the colloquial and the proverbial It embraces archaeology history religion the arts science mythology and characters from fiction **English Language and Literature for AQA B** Alison Ross,2002 Revised and updated to cover the set texts in the AQA B specification this second edition focuses on the assessment objectives showing students how to achieve maximum marks and offers exam and coursework tips throughout to help students get good grades *Speculative Poetry and the Modern Alliterative Revival* Dennis Wilson Wise,2023-12-08 If a literary movement arises but no one notices is it still a movement In *Speculative Poetry and the Modern Alliterative Revival* A Critical Anthology Dennis Wilson Wise argues that the answer is yes Over the last ten decades poets working in fantasy science fiction and horror have collectively brought forth a revival in alliterative poetics akin to what once happened in the mid fourteenth century Altogether this anthology collects for the first time over fifty speculative poets several of whom are previously unpublished from across North America and Europe Alongside such established names as C S Lewis Patrick Rothfuss Edwin Morgan Poul Anderson Jo Walton P K Page and W H Auden this anthology includes representative texts from cultural movements such as contemporary neo Paganism and the Society for Creative Anachronism

A lengthy critical introduction by the editor written accessibly for a general audience explains and contextualizes the Modern Revival for critics and readers alike and extensive footnotes offer aids to anyone new to medieval history or Norse mythology Overall this indispensable anthology the first major academic book to focus on speculative poetry establishes where the medieval meets the modern in the hitherto unrecognized Modern Alliterative Revival **Teaching Poetry in the Primary School** David Carter, 2013-11-26 First Published in 1999 Based on the author's experience of teaching poetry to children for more thirty years this book offers guidance on engaging young children minds in poetry in line with the Literacy Hour

Gender and the Poetics of Excess Karen Jackson Ford, 2011-02-25 The argument posed in this analysis is that the poetic excesses of several major female poets excesses that have been typically regarded as flaws in their work are strategies for escaping the inhibiting and sometimes inimical conventions too often imposed on women writers The forms of excess vary with each poet but by conceiving of poetic excess in relation to literary decorum this study establishes a shared motivation for such a strategy Literary decorum is one instrument a culture employs to constrain its writers Perhaps it is the most effective because it is the least definable The excesses discussed here like the criteria of decorum against which they are perceived cannot be itemized as an immutable set of traits Though decorum and excess shift over time and in different cultures their relationship to one another remains strikingly stable Thus nineteenth century standards for women's writing and late twentieth century standards bear almost no relation Emily Dickinson's do not anticipate Gertrude Stein's or Sylvia Plath's or Ntozake Shange's Yet the charges of indecorousness leveled at these women poets repeat a fixed set of abstract grievances Dickinson Stein Plath Jayne Cortez and Shange all engage in a poetics of excess as a means of rejecting the limitations and conventions of female writing that the larger culture imposes on them In resisting conventions for feminine writing these poets developed radical new poetries yet their work was typically criticized or dismissed as excessive Thus Dickinson's form is classified as hysterical and her figures tortured Stein's works are called repetitive and nonsensical Plath's tone is accused of being at once virulent and confessional Cortez's poems violent and vulgar Shange's work vengeful and self righteous The publishing history of these poets demonstrates both the opposition to such an aesthetic and the necessity for it
