,1859 **Response-Able** Matthew Hagee,2011-06-07 You Can Make a Difference What if the churches of America could feed every hungry person in their cities What if we had the resources to educate every child in an environment where respect for God was encouraged What if we could help create jobs that empowered people and gave everyone the opportunity to give back in the same way that they had received As a pastor Matt Hagee recognizes that there are things in our world that need changing and like many younger Christians he wants to be a part of the solution In addition Matt has received a rich legacy from his father pastor and best selling author John Hagee that includes experiential wisdom rooted in solid biblical principles In Response Able he combines the passion of youth with the wisdom of his father s experience to provide both the inspiration and the steps for a lasting change in each of five key areas Your personal life Your finances Society Education Politics You can make a difference if you will become personally committed to doing so No matter who you are where you come from or what you are going through the time has come for a turnaround and being response able begins with you

The Society of Virtue: Thirteen Character Virtues That Can Change Your Life Timothy Yordy,2012 When one considers Benjamin Franklin many thoughts may come to mind He was an accomplished inventor entrepreneur politician writer firefighter and librarian You may not have even been aware of those last two Yes Ben Franklin was largely responsible for organizing Philadelphia s volunteer fire department and for being the forerunner of the public library system that is still used by millions today These are just a handful of things that we know about Franklin from his public life The legacy he left behind stretches on through time more than 200 years after his death and that legacy will continue on into the future with nothing to stand in

it's way except for the dilution of memories through time itself What do we know about Franklin's private life though When a person has lived their life in such a public manner as he did it is easy to assume that public and private are one and the same This is almost never the case in life however and it is equally true of Ben Franklin In recent years there has been an effort by some historians to try and tie Franklin to occult practices and strange secret societies The evidence for these accusations are extremely thin however and aren't corroborated by contemporary accounts Whether there is any truth to the matter is something that is difficult to discern with any amount of confidence more than 200 years removed from the life of Ben Franklin There is one undeniable link to a secret society in his life and that is that he was involved in the Freemasons There was another secret society however that Franklin wanted to create and that is what this book examines in detail *Wealth Virtues* James Ward, 2010-08 If you are looking for a book that will divulge the secret to making millions of dollars in a short amount of time without working hard at it then you have the wrong book If you do find a book providing that information then put it down and walk away If that book existed wouldn't every reader be a millionaire *Wealth Virtues* by James Ward simplifies the definition of wealth as the ability to acquire more money than you spend and to save more than you owe This ability comes from understanding both your behavior and the cyclic nature of money By applying the practice of the Thirteen Virtues of Benjamin Franklin with the Cycle of Positive Wealth anyone can be wealthy regardless of their current income It is simply a matter of applying the things you already know into practice *Wealth Virtues* reveals the simple path to get you there James Ward is wealthy Not John D Rockefeller wealthy but rather has more money flowing in than flowing out He is or has been a successful computer scientist Coast Guardsman Army Officer analyst musician graphic designer skier manager for a defense contractor business owner and a writer He is also a successful investor but lives well within his means As the owner of Poor Richard Web Press he helps businesses non profits and individuals succeed with their Internet marketing goals He also helps other writers with free online marketing tools at BiblioScribe.com and is a contributor to First Book and organization that provides new books to children in need Although his savings and investments continue to grow from the continual practice of Dr Benjamin Franklin's Thirteen Virtues while following the Cycle of Positive Wealth he realizes that his only true and most valuable treasure is his family *Tools for Life Or in the Creation of Your Best Life* Shannon Lynn, 2013-02 About the Book by the Mother Goddess and Her Special Band of Angelic Helpers from Within the Kingdom of the Heavens The following pages are of briefly channeled sessions that took place over a number of months What you have before you is the work or workings of one individual channel or processor we call Shannon Lynn She has been working with us from within the angelic realms for a number of years now in your time She comes forth in the guidance and for the direction of each of you here guiding and showing you to the steps of the light of the Lord within each of you here or in this then the stepping available to and for you once and if you then decide to make it so just meaning that in which you are then willing to take the steps or in the directions of and toward and into Into the unknown and the undiscovered depths of thy very
