My Fifth Season Rebecca Clifford, 2007-08 It is autumn of 1985 and fifteen year old Jessica Thurwell a budding musician Beatles fanatic and hopeless romantic is starting her new life at the small prestigious Fieldings Academy Away from the glare of her mother's soap star celebrity and the sprawling confusion of her suburban high school Jess hopes to shed her mousy friendless persona When the charismatic and seemingly popular senior Perry Wagner takes Jess under her wing and makes her a part of her tight knit clique of friends Jess can't believe her luck But soon she discovers the sacrifices and hard work involved in staying in the girls good graces when she is thrust into a world where not only her new friends could care less about her music and passion for the Beatles but also where drugs manipulation and back stabbing are par for the course and more complex than any plot on her mother's soap Things aren't made any easier when Jess finds she has developed a crush on Perry's hunky and overly flirtatious boyfriend Marcus As she tries to escape the clutches of the clique she realizes it's going to be a lot tougher than she thought And then a tragic event shockingly unfolds late in the year forcing Jess to come face to face with the reality of the world she wanted so much to be a part of

On Qian Zhongshu's Conceptualization of Translation Chang, Chung-An, 2025-10-14 This book brings new perspectives and insights to the discipline of translation studies at a time when Western theories dominate its main discourse By highlighting the significant contribution of Chinese scholar Qian Zhongshu which encompasses a theoretical probing of the process and product of translation in both China and the West the author demonstrates how Qian's reconceptualization of the concept of translation expands the discourse to include and integrate concepts from the history of translation in China The concept of *huajing* which is one of these cultural perspectives developed by Qian transcends the conventional view of translation as a linguistic transfer envisioning it instead as a dynamic realm where encounters with meaning between the textual worlds of China and the West can take place Through a meticulous analysis of Qian's profound though stylistically fragmentary commentaries the author reveals how his comparative vision creates connections by breaking down linguistic and cultural barriers challenging notions of untranslatability that often hinder cross cultural exchange and anticipating an inclusive and globalized understanding of translation so urgently needed today
