

General Instructions

This examination has 9 problems and is 5 hours long.

The question paper is viewable on your screen. You are also provided with a "Theory Schemes Booklet" which contains important reaction schemes from the question paper. You may use any part of this booklet for rough work. **Nothing written in this booklet will be assessed.**

The printed answer booklet has 42 pages and is on your desk.

The answer booklet contains boxes with numbers corresponding to the questions. **Write** your answer in the designated box for that question. If you must write outside of the designated box, make a note in the box and write your answer somewhere else on the **same page**.

Do not write on the reverse side of the answer booklet. Markers will only see the printed sides of the answer booklet. Do not separate the pages of the stapled answer booklet.

Write relevant calculations where needed. Full marks will only be given for correct answers showing working.

For multiple choice questions, if you want to change your answer, completely **scribble out** the box you have ticked and **draw** a new box next to it.

Start working when the "START" command is given. The supervisors will announce a "30 MINUTE WARNING" 30 minutes before the end of the exam. At the end of the exam, a "STOP" command will be given and you must stop working immediately. If you do not stop working, you may be given a score of zero for the examination.

Write only with the pen provided. **Use only** the calculator provided.

The Official English version of this examination is available for clarification purposes only. This can be viewed on your screen.

If you need a toilet break or any assistance, **raise** the appropriate card.
