Pryer, 2015-11-06 During Operation IRAQI FREEDOM I OIF I U S soldiers waged a desperate war against a growing insurgency Mounting U S casualties became the catalyst for a hidden war within the war Arrayed on one side of this secret conflict were leaders who believed that the ends justify the means Opposing this camp were those who believed that U S soldiers do not torture because of the higher ideals to which all Americans should subscribe This clandestine conflict was waged at every level of command from the fields of Iraq to Washington D C In this history the adverse influence of the ends justify the means camp in Iraq is charted Conversely interrogation operations within the largest division task force and brigade combat team of OIF I are explored to explain why most interrogators treated detainees humanely Those deficiencies of Army doctrine force structure and training that enabled harsh interrogation policies to sometimes trump traditional virtues are explained Lastly the Army s recent dramatic improvements with regard to interrogations are summarized and still existing deficiencies are noted This history concludes that the damage done by
