Textbook of Laryngology Albert L. Merati, Steven A. Bielamowicz, 2006-08 Although many books focus on one or another aspect of laryngology such as voice swallowing or airway problems few cover the breadth of the discipline from a teaching standpoint The editors sought collaboration from a broad range of international contributors in this text which avoids the cover all reference nature of extant texts by having each contributor write in direct consumable units for the reader thus providing an ideal resource for both teaching and learning Covers every aspect of laryngology without bias on one particular aspect Designed specifically to meet student needs rather than trying to unsuccessfully serve multiple audiences

Building a Medical Vocabulary Peggy C.
