Frey, 2015-12-18 A teacher presents a lesson and at the end asks students if they understand the material. The students nod and say they get it. Later the teacher is dismayed when many of the students fail a test on the material. Why aren't students getting it? And just as important, why didn't the teacher recognize the problem? In *Checking for Understanding*, Douglas Fisher and Nancy Frey show how to increase students' understanding with the help of creative formative assessments. When used regularly, formative assessments enable every teacher to determine what students know and what they still need to learn. Fisher and Frey explore a variety of engaging activities that check for and increase understanding, including interactive writing, portfolios, multimedia presentations, audience response systems, and much more. This new 2nd edition of *Checking for Understanding* has been updated to reflect the latest thinking in formative assessment and to show how the concepts apply in the context of Fisher and Frey's work on gradual release of responsibility, guided instruction, formative assessment systems, data analysis, and quality instruction. Douglas Fisher and Nancy Frey are the creators of the Framework for Intentional and Targeted FIT Teaching. They are also the authors of numerous ASCD books, including *The Formative Assessment Action Plan*, *Practical Steps to More Successful Teaching and Learning*, and the best-selling *Enhancing RTI: How to Ensure Success with Effective Classroom Instruction and Intervention*.

Two Books Are Better Than One! Shari Frost, 2016-06-03 Today's early literacy programs are more demanding than ever. No longer is it sufficient to teach letters, letter sounds, sight words, and simple texts in kindergarten through second grade. Children are expected to read and comprehend texts in a variety of genres with increasing complexity. Then they must integrate the ideas and concepts from those texts into their own writing. *Two Books Are Better Than One: Reading and Writing and Talking and Drawing Across Texts in K-2* helps teachers meet those demands. Each chapter contains an anchor lesson focused on a different way of connecting texts, including by theme, characters, perspective, structure, or genre. The lessons feature research-based and common core-aligned strategies: interactive read-alouds, shared reading and writing, scaffolded small group reading, accountable talk, close reading, and opinion narrative and explanatory writing. Each anchor lesson features two high-quality children's books, and each chapter is rounded out with a list of other recommended book pairs to support you in creating your own lessons.
