Turkey's Asia Relations

Omair Anas, 2022-02-21 This book explores shifts in Turkey's foreign policy and the relevance of Turkey's reconnect offensive with Asia With the end of the Cold War Turkey and the West had lost the mutuality of interests and threat perceptions particularly towards Russia Western countries are now occupied by the rise of China and are in search of new allies in the Asia Pacific Turkey is left in its region to deal with Russia and crises that are primary outcomes of Western failures in Syria Libya Iraq Azerbaijan and Qatar In the absence of its Western allies Turkey engaged with Russia alone to deconflict and stabilise Syria Libya and Azerbaijan Turkey's ruling conservative AK Party however had won elections from 2002 to 2012 on a strong pro EU and pro West agenda Now it is talking about strategic autonomy multidimensionalism diversification or the world is bigger than five The new foreign policy gestures are underpinned by the rise of the domestic defence industry nationalist politics at home and increased trade relations with key Asian economies China India and Indonesia At an international level the ruling party has instrumentalised strong criticism of the West for injustice and neglect of the Turkish Muslim Islamic and non western world Although this reminds of the history of Turkey's failed quests to shift from a West centric foreign policy to an unknown direction the book argues that Turkey's reconnect with Asia is rather to complement and strengthen its relations with the West

criminal law and procedure and questions whether the government has overstated the threat posed by the individuals it charges with these crimes Included is a discussion of the large scale spying and use of informants rooted in the questionable radicalization theory the material support statute the government s chief legal tool in bringing criminal prosecutions the new rules regarding generation of evidence and the broad construction of that evidence as relevant at trial and a look at the special sentencing and confinement regimes for those convicted of terrorist crimes In this critical examination of terrorism prosecutions in federal court Professor Said reveals a phenomenon at odds with basic constitutional protections for criminal defendants
