Fiscal Affairs Dept.,2016-12-10 Risks to macroeconomic stability posed by excessive private leverage are significantly amplified by tax distortions Debt bias tax provisions favoring finance by debt rather than equity has increased leverage in both the household and corporate sectors and is now widely recognized as a significant macroeconomic concern This paper presents new evidence of the extent of debt bias including estimates for banks and non bank financial institutions both before and after the global financial crisis It presents policy options to alleviate debt bias and assesses their effectiveness The paper finds that thin capitalization rules restricting interest deductibility have only partially been able to address debt bias but that an allowance for corporate equity has generally proved effective The paper concludes that debt bias should feature prominently in countries tax reform plans in the coming years **Fundamental Principles of EU Law Against Money Laundering** Emmanuel Ioannides,2016-04-22 This book critically analyses fundamental principles of EU law for the control of international economic crime Discussing how the reporting system and the exchange of information are at the heart of the global anti money laundering regime the study also looks at the inferential force of financial intelligence in criminal proceedings and the responsibilities this places on prosecutors and criminals alike The author closely examines the application of Article 8 2 of the European Court of Human Rights for the retention and movement of the fingerprints cellular samples and DNA profiles of unconvicted persons and argues the incompatibility with the ECHR along with the effect of socially stigmatising unconvicted persons The work concludes with exploring how financial regulation has inter alia shifted responsibility to businesses and financial institutions to become more transparent and accountable to financial regulators and tax authorities This critical analysis is essential reading for law students and the Judicial Body as well as financial crime investigators and regulators **The Effect of Directives Within the Area of Direct Taxation on the Interpretation and Application of Tax Treaties** Mees Vergouwen,2023-07-14 In recognition of the considerable attention in recent years given to the effect of EU directives on tax

treaties this important book for the first time brings a combined public international law and European Union law perspective to bear on certain directives primarily the Parent Subsidiary Directive the Merger Directive the Interest and Royalty Directive and the Anti Tax Avoidance Directives and their interaction with tax treaties concluded by EU Member States In this area of direct international taxation the author examines the effect of tax treaties on both the interpretation and application of directives in depth In clarifying how directives can affect or are allowed to affect tax treaties the book provides detailed analyses of such aspects as the following status of directives under public international law including relevant provisions of the Vienna Convention on the Law of Treaties and the OECD Model Tax Treaty whether national law aimed at implementing a directive may be able to override a tax treaty or may be overridden by such a tax treaty whether the *lex posterior* and *lex specialis* conflict rules under public international law are applicable to conflicts between directives and tax treaties the role of directives under the interpretative provision of the Vienna Convention on the Law of Treaties the OECD Model Tax Treaty and the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting legal basis and application of the duty of consistent interpretation to tax treaties and scope of the primacy of directives with respect to tax treaties The book offers insightful and well informed recommendations aimed at aligning the allowed effect under public international law and the required effect under the laws of the European Union of the directives on tax treaties with a view to ensuring that directives affect tax treaties in such a way that tax treaties cannot prevent achievement of the result of a directive The analysis is based primarily on legal doctrines literature and case law of the CJEU ICJ and arbitral tribunals As a highly informative and closely reasoned guide that offers clear perspectives on resolving any conflict that may arise between a directive and a tax treaty this book will be of inestimable value for tax practitioners and advisers judges policymakers tax authorities and academics whose work involves tax treaties concluded by EU Member States

Local Public Finance René Geissler, Gerhard Hammerschmid, Christian Raffer, 2021-04-20 This book is based upon a comparative public administration research project initiated by the Hertie School of Governance Germany and the Bertelsmann Foundation Germany and supported by a network of researchers from many EU countries It analyzes both the regimes and the practices of local fiscal regulation in 21 European countries The book brings together key findings of this research project The regulatory discussion is not limited to the prominent issue of fiscal rules but focuses on every component of regulation Beyond this the book covers affiliated topics such as the impact of regulation for local governments evolution of regulation administrative costs and crisis prevention The various book chapters throughout provide a broad picture of local public finance regulation in theory and in practice using different theoretical and national lenses for the analysis Furthermore the authors investigate the effects of budgetary constraints and higher level regulatory efforts on local governments and on democracy and public services in every European country This book fills a gap with respect to the lack of discussion on local government finance from an international comparative perspective and in particular the regulation of

local public finance With its mix of authors this book will be useful for practitioners as well as for scholars and for theory driven research *Fundamental Principles of EU Law Against Money Laundering* Dr Emmanuel Ioannides,2014-12-28 This book critically analyses fundamental principles of EU law for the control of international economic crime Discussing how the reporting system and the exchange of information are at the heart of the global anti money laundering regime the study also looks at the inferential force of financial intelligence in criminal proceedings and the responsibilities this places on prosecutors and criminals alike *Consumption Tax Trends 2016 VAT/GST and excise rates, trends and policy issues* OECD,2016-11-30 This report provides information on Value Added Tax Goods and Services Tax VAT GST and excise duty rates in OECD member countries Future Financing of the European Union Great Britain. Parliament. House of Lords. European Union Committee,2005 Negotiations are underway to agree the details of the European Union budget for the period of 2007 to 2013 known as the Financial Perspective covering the newly enlarged EU of 25 member states Further enlargement is likely with Bulgaria and Romania due to join in 2007 and the possible accession of Croatia and Turkey being considered The Committee s report considers a range of issues in relation to the current budget debate including the merits of the Commission s proposals within the framework of recent and future EU enlargement the Common Agricultural Policy Structural and Cohesion Funds the Lisbon Agenda other spending categories the functioning of the Own Resources and a EU tax UK abatement and the Commission s proposal for a Generalised Corrective Mechanism Conclusions reached include support for the UK Government s insistence that the UK rebate is non negotiable given the inadequate reforms of the CAP however if real reform of the budget was offered then the UK Government should be prepared to negotiate Structural funds should be focused on the 10 new member states as well as the two applicant countries of Romania and Bulgaria with the phasing out of EU regional development funds for all old member states with the exception of Greece and Portugal **Cabo Verde** International Monetary Fund. African Dept.,2014-09-25 KEY ISSUES Context Over the last two decades good governance and sound macroeconomic management have delivered remarkable economic and social progress to Cabo Verde More recently however growth has slowed due to the prolonged downturn in Europe and a sharp deterioration in domestic confidence A longer term decline in the contribution of total factor productivity to growth may also have played a role Financial stability risks have increased with the rise in non performing loans and fall in bank profitability The country remains vulnerable to external shocks given its dependence on tourism remittances and concessional financing Over the longer term Cabo Verde s challenge as a new middle income country is to bolster productivity and diversify the sources of growth Fiscal consolidation remains critical to safeguard macroeconomic and debt sustainability Budgetary plans for 2014 and the medium term entail rising public debt and are subject to downside risks to revenue The authorities have already decided on a package of expenditure containment measures for 2014 17 However given the high albeit sustainable level of public debt further measures are needed to put public debt on a more robust downward path Bolstering domestic revenue

mobilization increasing the efficiency of public investment and managing existing infrastructure better are also central to sound public finances International reserves have recovered which provided room to ease monetary policy in support of the recovery In the absence of imminent pressures on the balance of payments or on prices and with private sector credit growth having stalled the central bank has cut the policy rate At the same time given pressures on the banking system continued vigilance regarding risks to financial stability is warranted Structural reforms hold the key to bolstering competitiveness creating jobs and delivering inclusive growth Increasing labor market efficiency and reducing skill mismatches would be particularly beneficial in this regard Enhancing the efficiency of state owned enterprises is also essential to improve delivery of infrastructure services Data are adequate for surveillance purposes though some key shortcomings remain In particular national accounts data are released with a long delay This complicates the formulation of macroeconomic policies
